

HP COMMERCIAL DISPLAYS

THE FUTURE OF WORK BROUGHT TO LIFE

YOUR DISPLAY IS WHERE THE MAGIC HAPPENS

With new spaces come new opportunities. The modern office is changing: open workstyles, efficient workspaces, constant collaboration in the office and around the world. The right technology empowers professionals' passion for their work—and your display is the window to every task and achievement.

HP commercial displays combine powerful function, industry-leading security, and a modern aesthetic—all designed to meet your specific needs, budget, and tasks at hand. Whether you're an office-based productivity powerhouse, mobile pro on the move, financial wizard scanning massive video walls, or creative team designing the next must-have product or blockbuster film, HP displays have you covered.

WELCOME TO
THE SPECTACULAR STYLE,
QUALITY, AND COMFORT OF
HP DISPLAYS.

To learn more, visit www.hp.com

Where your content and projects come to life

Be dazzled by technology that's designed to deliver a fabulous front-of-screen experience. Choose from a wide range of screen sizes, high resolutions, and aspect ratios to meet the needs of individual users or group audiences alike. HP displays help ensure that you'll see your work as intended—no distortions, larger than life, on one screen, or tiled together in virtually seamless multi-display arrangements.¹

Every HP display combines solid front-of-screen presentation, renowned HP quality and reliability, and a range of designs tailored to your specific requirements.

An investment that lasts

Trust your investment in an HP display. Each is engineered with the highest-grade components and undergoes extensive development testing for device compatibility and real-world conditions like temperature and humidity.

All HP business displays include a one- or three-year standard limited warranty, with optional HP Care services available to extend your protection.²

Designed for every way you work

HP displays are built for the modern workforce. Make your work more seamless and intuitive with curved screens, touchscreens, integrated webcams and speakers—and models Certified for Skype for Business® for collaborating anywhere in the world. De-clutter your workspace with wireless charging built into the base of the display to charge your phone or tablet and keep your device conveniently close at hand.³

Even on the most demanding workdays, comfort breeds productivity. HP business displays have comfort designed into their DNA. Find your sweet spot with wide viewing angles, adjustable height, tilt, swivel, and pivot rotation, or remove the stand and mount the display wherever you please.^{3,4}

If you need to deploy displays across town or across the world, choose from several Global Series displays with stable product lifecycles and worldwide availability.³

HP Z Displays

THE BEST WAY TO CREATE THE FUTURE IS TO SEE IT

When image quality and color accuracy are make-or-break for every project, only the best will do. HP Z Displays are the answer, with out-of-the-box color calibration and accurate color between displays in the office and on-set, across the hall or around the world.⁴ Select models include HP DreamColor technology, which won the 2015 Scientific and Engineering Award from the Academy of Motion Picture Arts and Sciences.⁵

Brace yourself for jaw-dropping image presentation from up to 8 million visible pixels and resolutions up to Cinema 4K.

Build massive uninterrupted multi-display video walls—or put multiple displays on your desk—with designs that have three-sided micro-edge bezels.

With the HP Zero Bright Dot Guarantee, we put our money where our mouth is—if even one sub-pixel fails on your HP Z Display, we will replace the whole unit.⁶

To learn more about HP Z Displays, visit hp.com/go/zdisplays.

HP EliteDisplay S-Series

BREATHTAKING VISUALS THAT INSPIRE FROM EVERY ANGLE

The HP EliteDisplay S-Series is designed for the Workplace of the Future.³ These premium displays are purpose-built with refined, elegant materials that deliver exceptional experiences and a modern aesthetic.

Lose yourself in your work with curved screens, collaborate on the fly with integrated conferencing keys, and enjoy crisp sound for all your media with Audio by Bang & Olufsen.

Set up multiple displays side-by-side for expansive, nearly seamless views with four-sided micro-edge screens. Create a clean workspace with single-cable connectivity from USB-C™. You can even ditch the charger—just place your devices directly on a wireless charging base.

The S-Series premium designs offer screen sizes up to an impressive 34" diagonal, and resolutions from Full HD to WQHD, for showcasing your content in the office or on the go. Our USB-powered portable display offers dual-screen productivity for mobile workers. The wraparound easel and carrying folio make it easy to carry with—and connect to—your notebook or tablet.

To learn more about HP EliteDisplay S Series, visit hp.com/go/EliteDisplays-S.

HP EliteDisplay E-Series

TAKE YOUR PRODUCTIVITY TO THE EDGE

Deploy an everyday office workhorse that looks like a thoroughbred. The HP EliteDisplay E-Series meets your demanding presentation, performance, connectivity, and ergonomic needs and looks great while doing it.³

They're available with three-sided micro-edge bezels, perfect for multi-display setups that provide expansive, uninterrupted views. Choose from full, WUXGA, or Quad HD in screen sizes up to 27" diagonal, advanced connectivity, and the best comfort adjustability HP has to offer.

Maximize productivity in small spaces with models that combine expanded functionality in a single display footprint with features like expertly tuned Audio by Bang & Olufsen and a webcam for collaboration, a touchscreen for onscreen interactivity, or an integrated in-stand dock and port replicator for your device and accessories.

To learn more about HP EliteDisplay E-Series, visit hp.com/go/EliteDisplaysE.

HP ProDisplays

ALL-STAR FEATURES WITHOUT THE ALL-STAR EXPENSE

Give a boost to daily office productivity. HP ProDisplays combine essential features such as Full HD and multi-device connectivity with screen sizes up to 23.8" diagonal,³ at price points that are well within your budget.

Choose an economical Skype for Business[®]-certified display with an HD webcam, microphone, and speakers, or an audio-enabled display with built-in speakers so you can ditch the extra desktop cutter to collaborate like a pro at a cost-effective price.

HP Value Displays

BUDGET, BASIC FEATURES, AND BEAUTY

Be smart and stylish without breaking the bank. HP Value Displays deliver affordable business-class features like Full HD resolution and everyday connectivity in screen sizes from the compact 18.5" diagonal up to 31.5" diagonal, all backed by an HP standard limited warranty.² There are also models with stylish three-sided micro-edge bezels and curved designs.

SET UP A COLLABORATION COMMAND CENTER

As the modern office shrinks and teams are distributed around the globe, the need for real-time communication and easy collaboration has grown. Today's work is less about isolated tasks—and more about building relationships and sharing content for a more connected workplace.

HP displays help you own your meetings—at your desk, in a team room, or in a conference center—to captivate audiences of every size.

For face-to-face collaboration anywhere in the world at a moment's notice, choose an HP display that's certified for Skype for Business® with integrated conference controls and a webcam. For large conference rooms, pair a large-screen 55" diagonal display with the HP Elite Slice—it has everything for a conference built right in. Or pair any HP display with HP's UCC-enabled accessories, like a collaboration keyboard or a headset with built-in call controls.

Work space
is shrinking

Collaboration
is everywhere

Teams are distributed
around the world

THE DISPLAY IS JUST THE BEGINNING

Build the perfect desktop arrangement. Optimize your display for where and how you work—from an executive desk to a shared cube or home office. Choose from a wide range of accessories to expand, mount, or make the most of your display in any space.

Break the boundaries of your multi-display array

HP displays with micro-edge bezels mean virtually no visual disruptions between the screens when you tile multiple displays together for two-, three-, or four-display workspaces or panoramic video walls.¹

Dock for dual-screen productivity

Add an HP display to your notebook-driven workspace for an instant multi-screen productivity boost and the same aesthetic, quality, and support you get with every HP PC.

Simplify your connectivity

Receive video and power from and send power to your PC with just one connection when you pair a USB-C™ enabled display with your HP Elite Slice, HP x2 1012, HP EliteBook Folio, HP Chromebook 13, or HP Elite x3.

Create a small-footprint solution

Make efficient use of small workspaces when you mount select platforms behind your HP commercial display with the HP B300 or B500 PC Mounting Bracket. Or keep things compact with HP accessories like an HP Single Monitor Arm to take the display off the desk, an HP USB Graphics Adapter for multi-display setups or an HP S100 Speaker Bar for space-saving audio.⁶
