

HSM Product Portfolio

Document shredders

HSM document shredders – ensure the highest grade of data security by using a premium document shredder. Available for any application: personal use or small office, office, large office or department.

Bulk shredding

HSM Powerline heavy duty document shredders, HSM shredder baler combinations and HSM multistage shredder systems – fully automatic document disposal systems for the professional destruction and compaction of large amounts of files.

Packaging machines

HSM Packaging machines – convert bulky used cardboard into all-purpose and free packaging material.

Digital data media shredders

HSM Digital data media shredders – destroy securely and economically digital-data media such as hard drives, magnetic tapes, CDs/DVDs, Blu Rays and USB sticks.

Vertical baling presses

HSM V-Press – compact waste management solutions. Volume reduction up to 95%, cost and space saving, easy-to-use, energy efficient and quiet.

Horizontal baling presses

HSM Horizontal baling press – large feed opening and low overall height. Suitable for different materials such as paper, cardboard, plastic films, expanding foams, polystyrene, hollow vessels, metal buckets, barrels, car tires and much more.
