

HP E-Series 2020 Monitors

Wellbeing on display

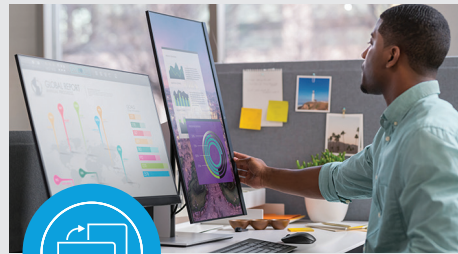

Employee wellbeing starts when they sit in front of their HP E-Series 2020 Monitor, designed to increase efficiency and productivity while reducing discomfort. With HP E-Series 2020 Monitors, you have it covered.

HP Eye Ease

Work comfortably with HP low-blue-light technology that addresses blue light right at the source—without affecting color accuracy or introducing any yellow shift.

- Integrated low-blue-light technology
- Always on and built in
- True-color viewing in comfort

Ergonomics

Through the display's four-way ergonomics, promote proper posture in the office with adjustability that helps keep users comfortable while enhancing efficiency and productivity.

- 150mm height adjust
- Tilt for the optimal viewing angle
- Swivel to face the right direction
- Pivot to portrait mode

Sustainability

At HP we are committed to responsibly made products and we strive toward wellbeing for our customers and the environment.

- 100% recyclable packaging
- 85% recycled material
- Energy STAR certified
- EPEAT® 2019 registered¹
- Low halogen²

Design

Sleek new two-tone, thin design that's perfect for seamless tiling.

- Pair with companion USB-C Docking monitors – E24d G4 and E27d G2
- Resolutions from FHD to QHD
- Sizes from 21.5" to 27"

Choose the one right for you

Our innovative, reliable, and eco-friendly products are designed to enhance wellbeing across the portfolio. No matter the size or resolution, with HP E-Series 2020 Monitors, you have workforce wellbeing covered.

1. Based on US EPEAT registration according to IEEE 1680.1-2018 EPEAT. Status varies by country. Visit www.epeat.net for more information. 2. External power supplies, power cords, cables, and peripherals are not low halogen. Service parts obtained after purchase may not be low halogen. 3. HP Display Manager software agent must be running on a web server and host PC.
