

# Google Pixel Phones: Productivity & Helpfulness

## Pixel 5 + Pixel 4a (5G)

Pixel helps your employees manage many tasks at hand. And with the best of Google's technology, software, and innovation, it gets even better over time.

**A LITTLE  
HELP FOR  
YOUR DAY.**

### The best of Google with Android for Pixel

Get the Android experience direct from Google. Without additional software or interface elements, you can get to work on Pixel quickly and easily.

### A battery that lasts all day<sup>3</sup>

Pixel's Adaptive Battery learns your favorite apps and reduces power to the ones you rarely use. This limits background battery usage and helps your phone last longer.<sup>3</sup>

### Add an extra day to your all-day battery

Extreme Battery Saver helps your Pixel last up to 48 hours when you really need it.<sup>2</sup> This mode automatically limits active apps to just the essentials and lets you choose additional apps you want to keep on. The rest get turned off.

### Feel a little closer with fast 5G<sup>1</sup>

Pixel helps you stay connected with colleagues around the globe. Capture and share business moments that are important with a camera inspired by the pros, powerful editing tools and Google Duo<sup>8</sup> HD screen sharing.

### End the spam calls

With Call Screen, Google Assistant filters out detected spammers without interrupting you. It provides helpful information about callers you don't recognize before you pick up.<sup>4</sup>

### Google Assistant. A little help wherever you go.

Use Google Assistant to manage your daily tasks, get proactive help at the right time and place, control your phone and apps, and much more.<sup>5</sup>

### Google productivity and more

Pixel integrates all your favorite services, from Gmail to Docs to Google Meet, and supports favorite third-party apps like Microsoft Office and Slack.<sup>6</sup>

### Rich photos at a modest price

Get incredible photos without paying a ridiculous price. Pixel has features like Live HDR+, portrait mode, Night Sight, Super Res Zoom and Google Lens<sup>7</sup>.

**For more information on Pixel, please contact us today.**

[1] Requires a 5G data plan (sold separately). 5G service and roaming not available on all carrier networks or in all areas. Contact carrier for details. 5G service, speed and performance depend on many factors including, but not limited to, carrier network capabilities, device configuration and capabilities, network traffic, location, signal strength and signal obstruction. Actual results may vary. Some features not available in all areas. Data rates may apply. See [g.co/pixel/networkinfo](https://g.co/pixel/networkinfo) for info.

[2] For "All day": Maximum battery life based on testing using a mix of talk, data, standby, and use of other features. Testing conducted on two major carrier networks using Sub-6 GHz non-standalone 5G (NDC) connectivity. For "Up to 48 hours": Maximum battery life based on testing using a mix of talk, data, standby, and use of limited other features that are default in Extreme Battery Saver mode (which disables various features including 5G connectivity). Testing conducted on two major carrier networks. For both claims: Pixel 4a (5G) and Pixel 5 battery testing conducted by a third party in California in mid 2020 on pre-production hardware and software using default settings, except that, for the "up to 48 hour claim" only, Extreme Battery Saver mode was enabled. Battery life depends upon many factors and usage of certain features will decrease battery life. Actual battery life may be lower.

[3] Maximum battery life based on testing using a mix of talk, data, standby, and use of other features. Battery life depends upon many factors and usage of certain features will decrease battery life. Pixel 4a (5G) and Pixel 5 battery testing conducted by a third party in California in mid 2020 on pre-production hardware and software, using default settings. Testing conducted on two major carrier networks using Sub-6 GHz non-standalone 5G (NDC) connectivity. Actual battery life may be lower.

[4] US only. English only. Call Screen may not detect all spam calls.

[5] Google Assistant and some related features are not available in all languages. See [g.co/assistant/languages](https://g.co/assistant/languages) for updates to language availability.

[6] Requires download of third-party apps from Google Play Store

[7] For available Google Lens languages go to [g.co/help/lens](https://g.co/help/lens). Some Lens features require an internet connection.

[8] Screen sharing not available on group calls. Requires Wi-Fi or 5G internet connection. Not available on all apps and content. Data rates may apply. 5G service, speed and performance depend on many factors including, but not limited to, carrier network capabilities, device configuration and capabilities, network traffic, location, signal strength, and signal obstruction.
