ASUS ProArt Station PD500TC

Your Creation Initiation

ASUS ProArt Station PD5 prebuilt desktop is the beautiful, powerful and modern desktop PC for the home or office — and engineered from the ground up to elevate every creation. With high-performance 11th Gen Intel Core i7 processor, NVIDIA GeForce RTX 3070 graphics, PD5 powers through every creative endeavor, from audio and video editing to hardcore 3D modeling. It's packed with creator-friendly design touches, including ASUS Lumiwiz LED indicators, a tool-less hard drive cage and a power-button shield to prevent accidental shutdowns, ensuring smooth workflows and superior productivity.

ASUS ProArt Station PD500TC

ProArt Station PD5 is available with up to NVIDIA GeForce RTX 3070 graphics - equipped with NVIDIA Ampere architecture that helps you elevate your craft. For creatives, software is the key. That's why ASUS is committed to testing with comprehensive Independent Software Vendors (ISV) to ensure ProArt Station PD5 works as expected with professional applications from the world's leading software companies. The innovative ASUS Lumiwiz module embedded in the front chassis, illuminates a pair of light bars to indicate the status of the CPU, VGA and more — offering creators an at-a-glance insight into performance.
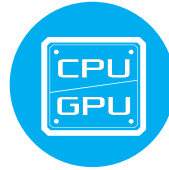

Manage Your Work Efficiently

ProArt Station PD5 comes with a thoughtful notification mechanism to always keep you updated on rendering progress, sending Teams messages when tasks complete.
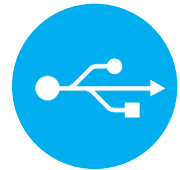

Lumiwiz LED Indicators

The innovative ASUS Lumiwiz module embedded in the front chassis, illuminates a pair of light bars to indicate the status of the CPU, VGA and more – offering creators an at-a-glance insight into performance.

Creator-ready performance

Accelerate every workflow with 11th Gen Intel Core i7 processor and up to 128 GB of expandable memory delivering silky-smooth multitasking.

All the Right Connections

Knowing that many people put a desktop computer under their desk, ProArt Station PD5's connectivity is conveniently placed on the top of the chassis — so it's easy to reach down and plug in an external drive or SD card.
