Keerti Melkote, Founder and President, Aruba
- **Embark on Your Edge Journey with WAN and Security Transformation**  
David Hughes, Founder, Silver Peak, Head of WAN, Aruba

**April 14, 9:00am–1:00pm PST**

### Define Your Edge Journey: Reach Your Destination with Aruba ESP

Partha Narasimhan, CTO, Aruba and Jon Green, VP, Security, Aruba

Partha will define the routes from edge-to-cloud and reveal how to:

- Improve operations using cloud-native management tools
- Automate and optimize network performance using AIOps
- Ensure edge-to-cloud security across the WAN
- Use IoT to create smarter user and IT experiences

### Register for Technical Training

Always the most popular part of Atmosphere, these in-depth sessions are a mixture of lab and lectures – all designed to help you up your game. Please note there is a cost associated with some training sessions.

### Airheads Community Sessions

Our Airheads Community Sessions will focus on:

- Connect & Protect Campus Solutions
- Transform Your WAN
- Create a Hybrid Workplace
- Embracing the Cloud

### Innovation Zone

Our Innovation Zone with demonstrations of our top products and solutions that form our Edge Services Platform (ESP) – Wi-Fi Wireless, Wired, Cloud Network Management, SAAS, Network Security and more.
