Building bridges, breaking walls: Orleans Properties connects with Aruba Instant On

Discover how Orleans Properties conquered delivering next generation internet connectivity amidst century-old brick structures with Aruba Instant On.

Step into the world of Orleans Properties, an esteemed name in historical rehabilitation and downtown property operations. Behind the scenes, they faced a Herculean task — delivering flawless internet connectivity to their discerning guests. Hindered by century-old brick structures boasting formidable walls and resilient metal studs, their previous solution fell short, leaving them trapped in a cycle of reboots and replacements. With Aruba Instant On, Orleans Properties' ushered in a new era of elevated satisfaction and unrivaled operational efficiency.

SEAMLESS CONNECTIVITY, CRAFTED FOR PERFECTION

Embracing their unwavering commitment to excellence, Orleans Properties sought a solution that would cater to the connectivity needs of 175 guests and 105 TVs. Their staff deployed Aruba Instant On AP 22 and AP 25 access points, along with Instant On switches. This cutting-edge arsenal of Wi-Fi 6 certified networking technology wove a web of uninterrupted and reliable connectivity that enveloped every nook and cranny of their properties.
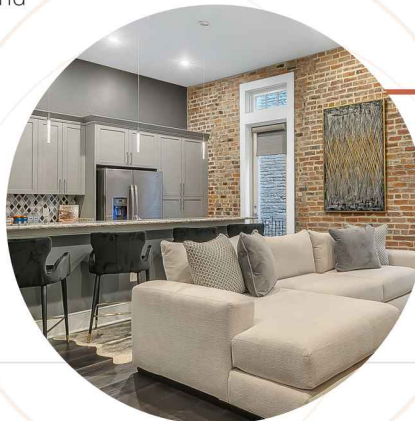

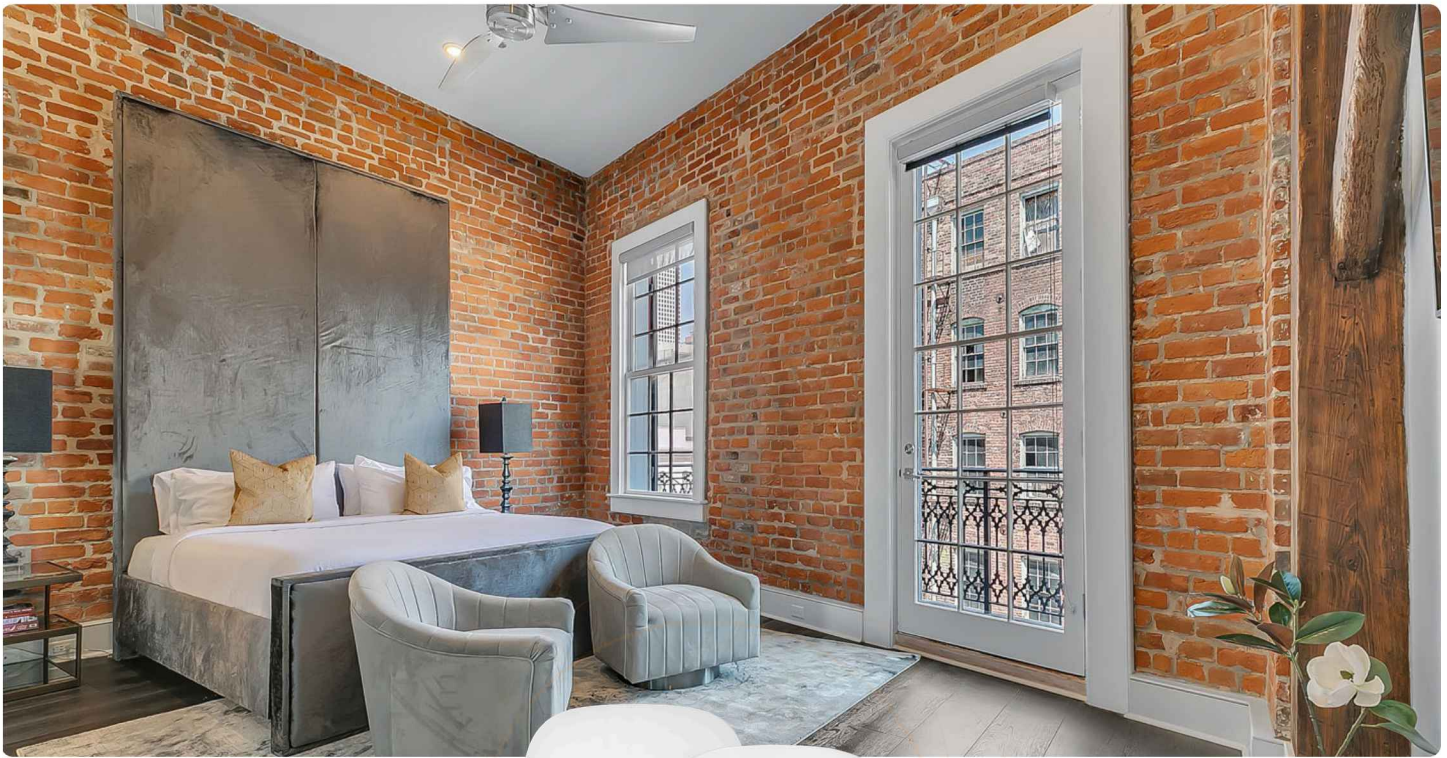

EFFICIENCY UNLEASHED, THE MAGIC OF SIMPLICITY

Aruba Instant On introduced efficiency through its mobile app. Empowering the staff at Orleans Properties with visibility and control, the license-free cloud network management app allowed IT teams to effortlessly manage and monitor the network from afar.

Adjustments and troubleshooting became seamless, eliminating the need for time-consuming on-site interventions.

"Before Aruba Instant On, Wi-Fi was our biggest concern. Since switching to Instant On, we haven't encountered any issues. It just works."

Christian Cancienne
President of Orleans Properties

NEW ORLEANS

STAY LUXE

The network management process was streamlined, saving precious time, unlocking hidden cost reductions, and bidding farewell to the frustrations that once clouded Wi-Fi troubleshooting.

EXCEEDING EXPECTATIONS, THE ENCHANTMENT UNVEILED

Since deploying Aruba Instant On, Orleans Properties has experienced a remarkable improvement in guest satisfaction. The reliable internet connection provided by Aruba has enabled Orleans Properties to maintain their luxury property's stellar reputation, with over 98% positive reviews.

"Before Aruba Instant On, Wi-Fi was our biggest concern", Christian Cancienne, the President of Orleans Properties, said. "Since switching to Instant On, we haven't encountered any issues. It just works."

The success with Aruba Instant On has prompted Orleans Properties to expand its usage across their residential properties as well as other real estate. Their confidence in the solution is so high that they have chosen Aruba Instant On for their upcoming fifth property. The ease of use, reliability, and exceptional performance offered by Aruba Instant On has solidified its position as the go-to networking solution for Orleans Properties.

EMBRACING GROWTH, THE JOURNEY UNFOLDS

The deployment of Aruba APs and switches, along with the user-friendly app, not only improved customer satisfaction but also boosted operational efficiency. With the peace of mind that Aruba Instant On brings, Orleans Properties can focus on delivering exceptional experiences to their guests, expanding their business, and continuing their legacy of excellence in the real estate industry.
