

Unlock your IT strategy with flexible finance

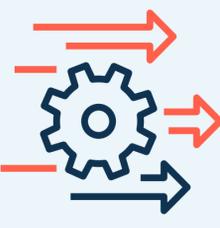

Businesses are always under pressure

Need IT equipment now

Lack cashflow/capital

Want faster project delivery

Financial flexibility lets you move forward

Payment Deferral
Buy now and defer payment for 90 days on purchases

2020 Payment Relief Program
Start with reduced payments and defer up to 90% of the cost until 2021

Tech Buyback
Use excess, newer-generation technology to help generate capital

Accelerated Migration
Convert existing, owned IT assets into an incremental cash source while still keeping use of the systems

Extended deployment
Use a phased deployment program to acquire Aruba tech with the ability to configure, test, and deliver systems before paying

Certified, Pre-Owned tech
Buy standard or custom-configured to suit your budget¹

Rentals
Rent certified, pre-owned HPE technology from 3 to 12 months²

1 Available for components, parts, and subassemblies, feature upgrades and whole systems. 2 Equipment is factory-configured and available with warranty and eligible for HPE Pointnext services.

The benefits of flexible finance

choose one...

Defer or reduce technology payments

Generate cash from assets

Match payment to use

Bridge gaps in IT projects

All of the above 

Move forward with Aruba and HPE Financial Services
