Samsung Rugged Handhelds

The confidence to work any place, any time

Administrators can do their jobs best when they're not stuck behind a desk. When they are free to get out into the hallways, the gym, the playgrounds and the classrooms, they can be more effective. Samsung enables administrators to step away from their desks without stepping away from their jobs.

The Galaxy XCover Pro elevates the capability of every staff member by enabling them to perform multiple tasks all on one device, no matter where your job takes you. So when your staff is working out of the classroom, helping with traffic or hall monitoring, they can stay in touch. They can take notes for incident reports, take pictures, supply parents with event calendar information, and remain in communication with other teachers in an emergency notification situation.

The XCover Pro is built to stand up to challenges the real world dishes out without sacrificing on experience. It provides the ability to do more with a single device, the confidence to work any place, any time and the freedom to customize its capabilities.

Key Features

- Easy to use, hard to break
- Military-grade durability
- Work anywhere
- Power for hours
- Edge to Edge screen
- Push-to-Talk
- Defense-grade security

Recommended Model

Samsung Rugged Tablets

Easy to use, hard to break

Samsung Galaxy tablets enable teachers and students alike to connect, communicate and collaborate with ease while securing peace of mind for school administrators.

Samsung offers a broad portfolio of Android tablets, from entry-level devices suitable for younger learners to powerful tablets that let users multitask—much like using a high-end laptop. Multi-screen functionality enables students to simultaneously work and view rich multimedia.

Designed to withstand the most demanding environments, Samsung Galaxy rugged tablets keep you connected, productive and protected. They resist water, dust, drops, and knocks with IP68 and MIL-STD 810 standards.

The Galaxy Tab 4 Education is built for the classroom, with a bundled protective case, durable Gorilla Glass, and NFC technology for quick and easy provisioning.

Key Features

- Military-grade durability
- Portable
- Easy to use
- Long battery life
- Reliable
- Easy changes and updates
- Secure and compliant

Available Models

- Galaxy Tab Active2 (8.0" display)
- Galaxy Tab Active3 (8.0" display)
- Galaxy Tab Active Pro (10.1" display)
- Galaxy Tab 4 Education (Wi-Fi) (10.1" display)

Samsung Kiosk

Self-service made simple

The Samsung Kiosk features a brilliant touch display with a speaker, printer, scanner, payment solution and more, all in a sleek design. It's everything your school needs to offer a modern self-service experience.

The Kiosk is available in tabletop, floor-standing and wall-mounted variations. The screens are also antimicrobial and shatter-resistant. Additionally, it's built on Samsung's proven SoC (System on Chip) technology, requiring no external PC.

The Samsung Kiosk adopts a modular design with a variety of payment options including barcode, QR code, NRC and credit card, along with a built-in printer.^{1,2} This means it requires no additional peripherals to deliver an advanced, all-in-one solution allowing fast and easy maintenance.

Key Features

- Self-service, right out of the box
- Sleek and modern design
- Flexible installation options
- Built-in merchant flexibility
- Highly responsive Projected Capacitive (PCAP) touchscreen
- Anti-microbial and shatter-resistant screen³
- Secure self-service
- Control and monitor from anywhere
- 3-year limited warranty

Recommended Model

- KM24A

¹ Samsung Kiosk supports a fully integrated EMV cradle for a Verifone terminal (P400) which varies by region and country.
² EMV terminal must be purchased separately.
³ Antimicrobial coating does not protect users or other items against bacteria, viruses including Covid-19, germs and other disease organisms. Antimicrobial coating on surface of screen only. A shatter-resistant film is applied to the screen to help mitigate the hazards of shattering glass, but it does not protect the screen from physical impact.

Samsung ProTVs

Bring lessons to life with dynamic content

With the Samsung ProTV, lessons become more dynamic than ever. With Crystal UHD picture quality powered by a Crystal 4K processor, every piece of content is rich, colorful and full of fine detail. Wide viewing angles make lessons easy to see from anywhere in the room, and changing content is quick and easy. In three easy steps, you can upload dynamic content right from your tablet or phone with the Samsung ProTV app. Samsung's ProTV also offers reliable 16/7 operating time, while a 3-year warranty adds peace of mind.

With crystal-clear 4K resolution, Samsung ProTV offers a sleek, high-performance display. Its easy-to-use mobile app enables educators to add custom content such as announcements, events, promotions and more.

Key Features

- Powerful Crystal UHD picture quality
- Upload content in 3 steps from phone
- 16/7 operation
- On/off timer
- Pin code lock
- 3 Year Warranty

Samsung Chromebooks

Connecting every student

Samsung Chromebooks offer schools a way to embrace 1:1 digital learning, even with a limited budget, and are an integral part of education solutions. Some models include a touchscreen and stylus for creative work, while others have increased computing power and high-resolution cameras to help teachers create multimedia lessons, manage assignments and record lectures. From an IT perspective, managing and securing Chromebooks at scale is made easy through the Chrome admin console.

Key Features

- Affordable
- Durable
- Intuitive experience for students and teachers
- Rich learning ecosystem
- Secure by design
- Easy, web-based management
