EASY ON THE EYES. EVEN EASIER INSTALLATION.
ViewSonic Direct View LED Displays

Introducing ViewSonic's innovative all-in-one Direct View LED displays. With huge 108", 135", 163" and 216" screen sizes, these displays make a sizable impression in any corporate lobby, boardroom or conference room, boasting seamless and stunning video wall images in Full HD resolution. Better yet, the advanced all-in-one design features multiple pre-assembled and pre-calibrated panels that can be installed by two people in less than two hours. With larger-than-life images and simple setup, **ViewSonic® Direct View LED displays** are a cost-effective, all-in-one alternative to traditional video walls.
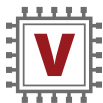

All-in-One Solution
Huge screen sizes that are cost-effective, easy to install, and easy to calibrate.

Easy Content Sharing
ViewBoard Cast™ content sharing software enables content streaming from multiple mobile devices to the display over wireless or cable networks
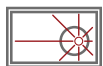

Powerful Embedded SOC Platform
ViewSonic EMBEDDED Signage Platform (VESP) eliminates need for any external devices to communicate with the server or play digital media.

Easy Installation with Multi-Panel Modular Design
Pre-assembled, pre-calibrated panels make for simple setup process.

Vivid Colors and Stunning Images
120% Rec. 709 color accuracy, ultra-fast 3,840Hz refresh rate, high brightness, and greater contrast ratio deliver jaw-dropping screen performance.

myViewBoard Manager
myViewBoard™ Manager is a cloud-based management solution that empowers IT administrators to remotely monitor devices, manage apps, push out broadcasts and more within the myViewBoard™ ecosystem.
