

Acronis Ultimate 365 with **Acronis** Cyber Protect Cloud

The most complete, natively integrated, 7-in-1 protection for Microsoft 365. Increase operational efficiency, simplify deploying new services and meet stringent compliance and cyber insurance needs.

The Acronis Platform Advantage

In addition to delivering complete M365 protection, Acronis' platform delivers superior protection and customer experience across all workloads, thanks to the following natively integrated services:

- Backup for 30+ Platforms
- Remote Monitoring and Management (RMM)
- Professional Services Automation (PSA)
- EDR, XDR and MDR
- Disaster Recovery

Common M365 Challenges:

- Increased Costs and Complexity: Using multiple tools for Microsoft 365 security drives up cost and complexity.
- Security Gaps: Non-integrated solutions create security gaps, exposing organizations to threats.
- Compliance Risks: Non-integrated data protection and cybersecurity increases compliance challenges.

Solution:

- Natively integrated cyber protection delivers superior defense and customer experience.
- Consolidating tools lowers costs, and boosts ROI, while simplifying management.
