# Samsung Galaxy Book6 Ultra

Samsung Galaxy Book6 Ultra, the most powerful model in the Galaxy Book6 series, is built with exceptional craftsmanship and engineered for professionals who demand excellence. It's the perfect choice for those seeking peak performance in a premium design on the go.

## Ultra Slim Premium Design

Designed inside and out with premium materials, delivering style and durability. Built slim to ensure flexible mobility for professionals on the move.

## Powerful Performance

Experience the full power of the Galaxy Book6 series. Engineered for intense tasks with next-level AI productivity and rich graphics.

## Ready for Business

Devices are delivered with only Windows 11 Pro and essential drivers installed, with tailorable configuration options available for peak productivity.

## Design

# Ultra modern, ultra sleek.

## 1 Thin and Light

Designed ultra-slim and light with slimmer hinge and bezel for ultimate portability. 6% thinner than the previous generation.

## 2 Versatile Ports

Designed for connectivity. Advanced ports to connect to multiple devices and peripherals.

## 3 Premium Design

Designed with balance and perfect symmetry inside and out. Built with anodized aluminum for a durable and resistant premium finish.

# Display

# Upgrade your work efficiency with Dynamic AMOLED 2X **display.** vividified by Samsung Display

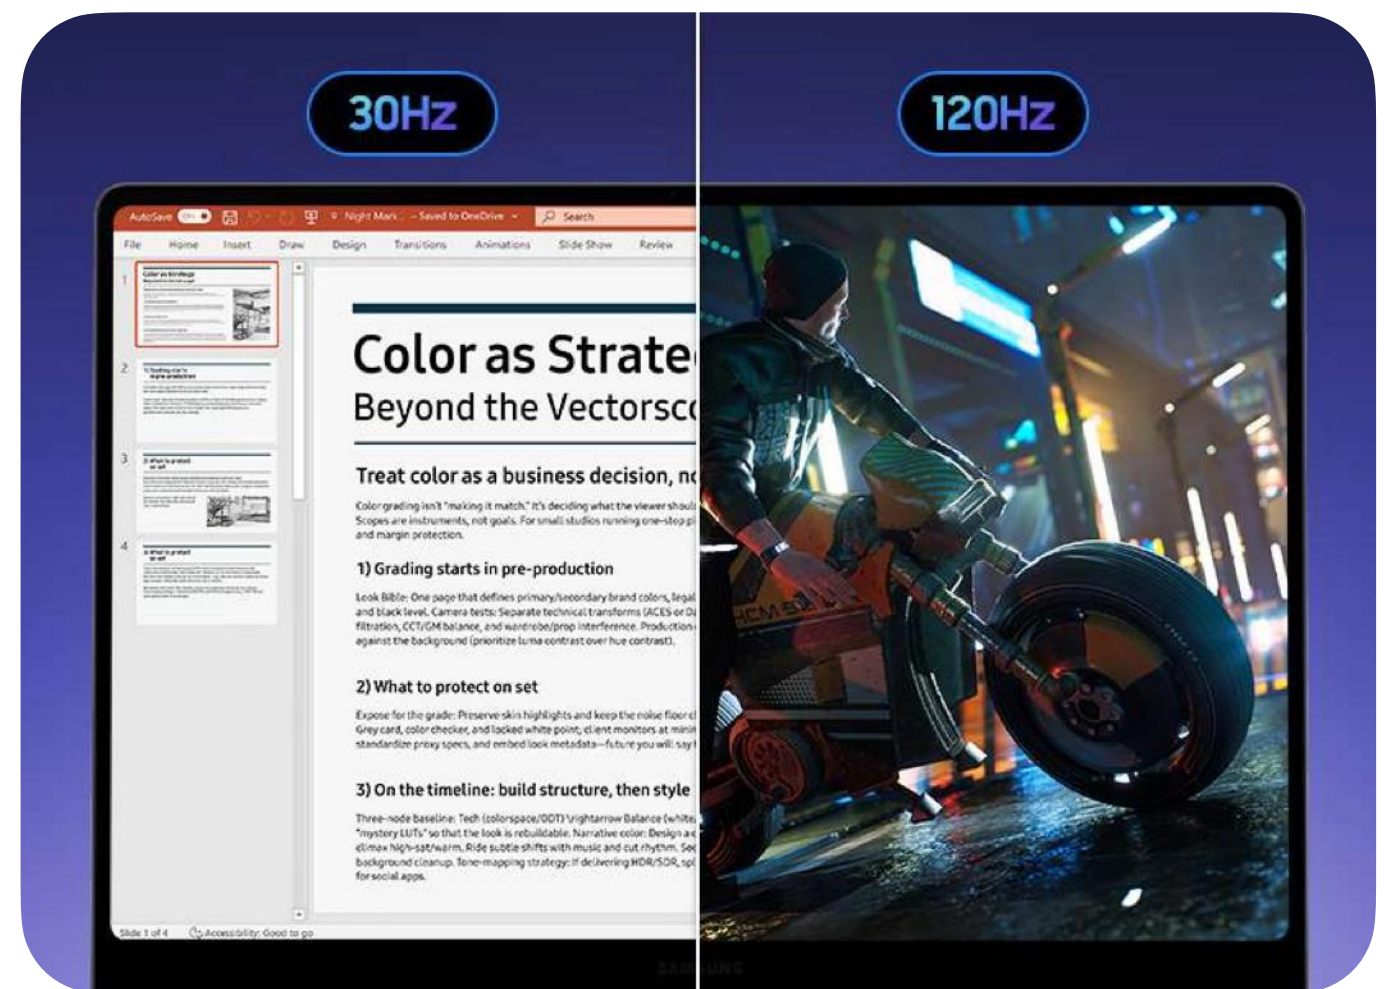

## 16:10 WQXGA+ AMOLED Display

Equipped with a brilliant screen displaying true-to-life colors with exceptional contrast ratio and up to 1,100 nits brightness.

## Touchscreen Display

Experience the freedom of intuitive touchscreen controls at your fingertips. Run apps or move and edit images with a simple touch.

## Variable Refresh Rate

Variable Refresh Rate from 30 Hz to 120 Hz optimizes frames according to the work you're handling for seamless and efficient screens.

## Display

### Vision Booster

Vision Booster analyzes lighting, environment, and content to automatically adjust screen brightness while intelligent tone mapping technology optimizes contrast and color for exceptional viewing.

### Corning® Gorilla® Glass with DXC

Built for exceptional clarity and durability, Corning® Gorilla® Glass with DXC reduces glare by up to 75% compared to standard cover glass, allowing you to see clearly even when working in bright environments.

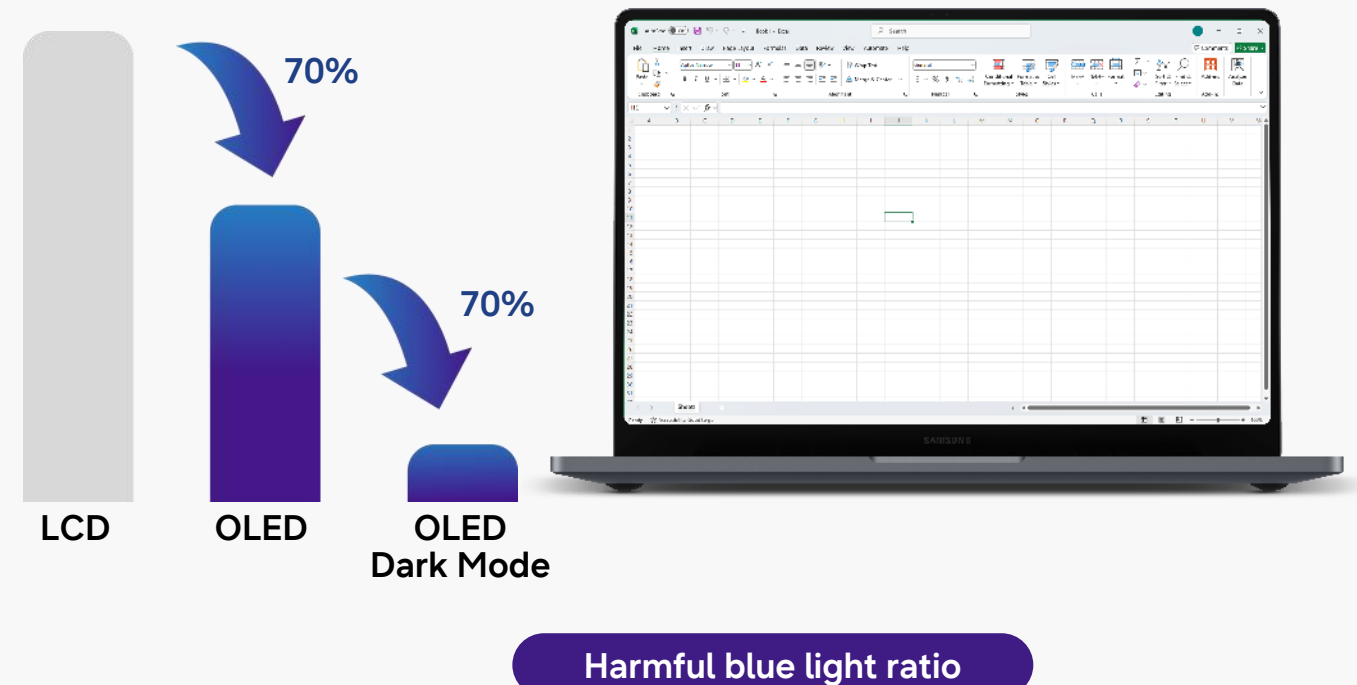

### ClearMR 9000 Certified

Work is made easier with AMOLED's rapid 0.2 ms response time delivering clarity in motion, reducing eye fatigue for uninterrupted focus.

### Better for You and the Environment

With reduced blue light exposure compared to LCD screens and SGS-certified against hazardous materials, Galaxy Book6 Ultra delivers peace-of-mind for everyday professionals.
