

Discover Surface Laptop Go 2 for Business

Sleek and light for work anywhere

Surface Laptop Go 2 is designed to meet the needs of the hybrid workplace

Business and IT leaders are responding to new employee expectations for greater work flexibility.

As employees return to the office, information workers are becoming more mobile and establishing new routines. They need to stay productive as they check in and out of hot desks, work in transit, or collaborate at customer sites.

Leaders also need to respond to changing workforce demographics. Flexibility is the new reality, and it demands technology that powers everyday tasks wherever employees work.

75%

of employees say their expectations for working flexibly have increased¹

55%

of employees say their ability to work flexibly will impact whether or not they stay with their employer¹

90%

of employers are planning to adopt a hybrid working model for their knowledge workers²

Surface Laptop Go 2 does what you need, where and when you need it

From wherever you work, Surface Laptop Go 2 brings portability, quality you can see and touch, and Studio Mics and HD camera to help you show up great. For every project plan, team video call, and customer presentation you take on, lightweight Surface Laptop Go 2 delivers performance, long battery life, and Windows 11 to help you find focus and be productive. From getting it all done to keeping it all secured, Surface Laptop Go 2 takes your job as seriously as you do.
