Delegate Data Collection
The Measure license is a perfect complement to the full Ekahau AI Pro and Connect license. Network managers focus on data analysis, delegating data collection to onsite staff.

Reduce Travel and Time-to-Resolution
Local survey teams eliminate unnecessary travel and time for central network managers and expedite data collection in time-sensitive troubleshooting situations.

Divide and Conquer Large Surveys
With Measure licenses, IT teams can work together to shorten the time it takes to complete large, complex campuses, distribution centers, or multi-floor buildings.
