Galaxy Book6 Series

Why Samsung PC for business

Welcome an era of exciting possibilities with Galaxy Book6 Series, a whole new way to PC, featuring dynamic displays and powerful Intel® processors to help elevate every aspect of business.

A device for everyone

Galaxy Book6 Enterprise Edition: AI-powered performance, hardware-rooted security and enterprise-ready manageability for modern work environments.

Galaxy Book6 Pro: Built for professionals on the move. Accelerate workflows with seamless mobility and AI-capable computing.

Galaxy Book6 Ultra: Engineered to support you through your most demanding work, especially when discreet graphics are a must. Supercharged premium computing meets AI powered productivity.

Built for your business needs

High-quality displays that bring all the details to life. Crisp FHD displays for productivity, data analysis, and presentations (GB6 EE) and gorgeous 3K AMOLED touch display ideal for graphic and engineering design and video/photo production (GB6 Pro and Ultra).

Innovative features: high performance in a thin and light design, touchscreens, high-resolution displays, fingerprint readers, facial recognition, haptic touchpads, and long-lasting batteries¹.

Performance: The latest powerful Copilot+ Intel® processors that enable new AI capabilities to help unleash innovation.

Samsung supports business

Coverage for every kind of business: Samsung Care+ for Business – including hassle-free device repairs, and optional extended warranty, advanced exchange options, and coverage for accidental repairs².

Security at the core

Secured by Knox: Galaxy Book6 Enterprise Edition, Ultra and Pro feature triple Layer Protection from MSFT Secured Core PC that protects the OS and Applications, Intel Chipset Security that protects the System Execution code, and Knox Security that protects BIOS and System Data.

Easy to manage: Cover your endpoints centrally with Knox Manage, supporting Windows, Android, iOS and Chrome OS devices.
