

CREATE IMMERSIVE LEARNING EXPERIENCES FROM ANYWHERE WITH LOGITECH

Provide video collaboration solutions to enhance learning in and out of the K-12 classroom.

ENSURE EDUCATIONAL CONTINUITY & MAXIMIZE RESULTS

New ways of learning are evolving, with many schools taking a student-led approach vs. the traditional teacher-led model. Logitech Video Collaboration Solutions are aligned with today's new models, helping teachers address unique learning needs while providing portable video solutions that connect students and teachers to learning experiences from any environment.

SEAMLESS TECHNOLOGY INTEGRATION IN & OUT OF THE CLASSROOM

Logitech Video Collaboration Solutions for education have been designed to meet the breadth of technology needs for schools to maximize learning experiences.

MAXIMIZE LEARNING POTENTIAL with tools that focus on engagement and interactive experiences.

EASY-TO-USE SOLUTIONS with USB plug-and-play connectivity that can transition from the classroom to a home learning zone with minimal effort.

DURABLE AND RELIABLE products for everyday use in any learning environment.

SCHOOLS ARE USING VIDEO COLLABORATION TO POWER EDUCATION

- ✓ **Educational continuity:** when students and teachers can't physically be together in the classroom, like in cases of distance learning or remote learning.
- ✓ **Enhanced curriculum and collaboration:** offering teachers a new way to bring students real-life experiences, like the Microsoft Skype a Scientist program or virtual field trips.
- ✓ **Administrative tool:** providing teachers with solutions for interactive parent-teacher meetings, training sessions and administrative updates.

LEARNING FROM ANYWHERE MADE EASIER

Teacher and student video solutions from Logitech make it easy to set up a learning environment in minutes for collaborative educational experiences.

TEACHER SOLUTIONS FOR TODAY'S NEW WAYS OF LEARNING

USB plug-and-play video collaboration solutions integrated into the classroom to extend the reach of learning, can easily be transported to a home environment for continued instruction.

KITS

Webcam and headset solutions for one-on-one collaboration

Pro Kit Part #: 991-000308
Personal Kit Part #: 991-000341

MEETUP

For classroom collaboration (smaller groups of students)

Part #: 960-001101

RALLY

For classroom collaboration (larger groups of students)

Part #: 960-001217

STUDENT KITS FOR DIGITAL LEARNING ON LAPTOPS/DESKTOPS

Easy to use solutions accelerate learning, increase student engagement and motivation. With USB friendly connectivity, kits can loaned to students for continued education from home.

WEBCAMS

Enhance student collaboration with face-to-face interaction

C505e Part #: 960-001363
C925e Part #: 960-001075

HEADSETS

Maximize student learning time with immersive experiences

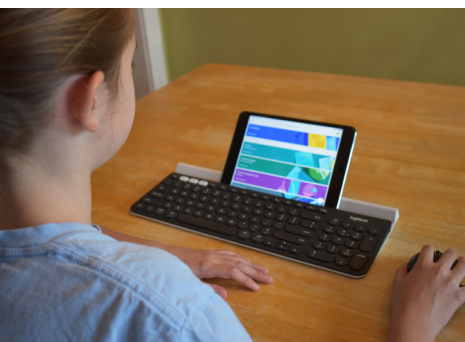

H111 Part #: 981-000612
H390 Part #: 981-000014

B100 MOUSE

For efficient navigation and simplicity of use

B100 Part #: 981-000612

STUDENT KITS FOR DIGITAL LEARNING ON TABLETS/MOBILE DEVICES

With Bluetooth™ friendly connectivity, tablet and mobile device solutions can be loaned to students for continued education from home.

APPLE SOLUTIONS

Turn iPads into a robust tools for student comfort and productivity

Crayon Part #: 941-000031
Lighting Connector Part #: 920-009473

TABLET KEYBOARDS

Students type in comfort with external tablet keyboards

K480 Part #: 920-006342
Folio Part #: 920-008334

MICE

Bluetooth™ connectivity for comfortable navigation

Pebble M350 Part #: 910-005743
M535 Part #: 920-008334
