# GO WORK WIRELESS ON-EAR HEADSET

## 45+ HOURS BLUETOOTH PLAYTIME

You'll get a full 45+ hour work week on one charge, and all day comfort with Cloud Foam earcups.

## DUAL CONNECTIVITY with BLUETOOTH MULTIPOINT

Connect wirelessly via Bluetooth to your PC, Mac, mobile and more. Or plug-in with the included USB-C to 3.5mm cable. With Bluetooth multipoint technology you can connect to any two devices simultaneously, and transition from mobile to laptop without touching any settings.

## C³ CLEAR CALLING

C³ Calling uses dual microphones: One mic picks up your voice and the other eliminates environmental sounds around you so that your voice remains crystal clear anytime, anywhere.

## RETRACTABLE BOOM MICROPHONE

Rotate the boom microphone down to take a call or video conference, or rotate up for listening only.

## QUICK MUTE INDICATOR

Quickly toggle the mute function via the controls on the headset. A red LED at the end of the boom mic easily indicates whether mute is on so you never forget to un-mute.

## TOTAL CONTROL

Be in complete control to play/pause, answer/reject, volume, mute and track control with the convenient multi-functional buttons located on the headset. Or choose between two EQ settings: Work or Music mode.
