## Personalized workflow Speed up creativity.

**Mobile Pixels Geminos**, featuring dual vertical monitor, is ideal for media creation and editing tasks as well. Simply spread out the elements of your software to have everything visible. Dual vertical monitors setup helps to save your valuable time from searching and scrolling, so you can focus on the creative part. Keeps your producing and entertaining flow more organized and smoother.

## Expanded Connectivity.

We've engineered the stand with the USB Type-C **10-in-1 multiport dock** to turn the Geminos Series vertical monitor to serve as a productive with no extra footprint while less clutter in your setup. Connect your device and peripherals to the Geminos's docks, sleekly tucked in behind.

- 2 x USB-A
- 2x USB-C
- 2x HDMI ports
- Audio out
- RJ45 Ethernet
- TF and SD card slots
