STARTUP/SMALL OFFICE

- Support your first server—e.g. HPE ProLiant MicroServer
- Host applications, manage file/print sharing, Active Directory
- Create secure, portable offline copies of data using HPE RDX
- Complement cloud backups with low cost, on-prem data protection

SMALL HEADQUARTERS

- Pair with DL class server
- Use HPE MSA Gen6 to share applications and storage and allocate resources automatically
- Automatically backup the MSA to HPE CloudVolumes
- Or deploy HPE MSL3040 for very low cost, expandable offline data protection, highly secure against ransomware threats

SMALL OFFICE/BRANCH OFFICE

- Pair with ML class server
- Use HPE StoreEasy NAS to free up server resources, centralize file sharing and user accounts
- Backup using HPE RDX—low cost, fast, disk-based, mobile and rugged
- Or add HPE StoreEver 1/8 Tape Autoloader for automated, hands free backup—the most secure defense against cyberattack

HPE ENTRY STORAGE HAS YOU COVERED

-  3 copies of your data—e.g. server, array, tape or cloud
-  2 different media types—e.g. disk or tape
-  1 offsite—e.g. cloud, replicated site, tape
-  1 offline—e.g. tape
