

HPE MSA Gen6

Definition Of Simplicity | Amazing Performance | Unmatched Affordability

TO HELP YOU TACKLE TODAY'S CHALLENGES— HPE'S NEW MSA GEN 6 ARRAYS

MSA Gen 6 Architecture Highlights

- Dual controller architecture, two pool, active-active design
- New Gen6 RAID Acceleration ASIC
- 12Gb SAS End-to-End
- Supports a wide range of SFF/LFF media (HDDs and SSDs)
- Expand configurations through SFF/LFF Disk Enclosures
- Supports Encryption using SED drives
- Rich Data Services standard, Upgrade through advanced Data Services Suite (ADS)
- New MSA-DP+ RAID type

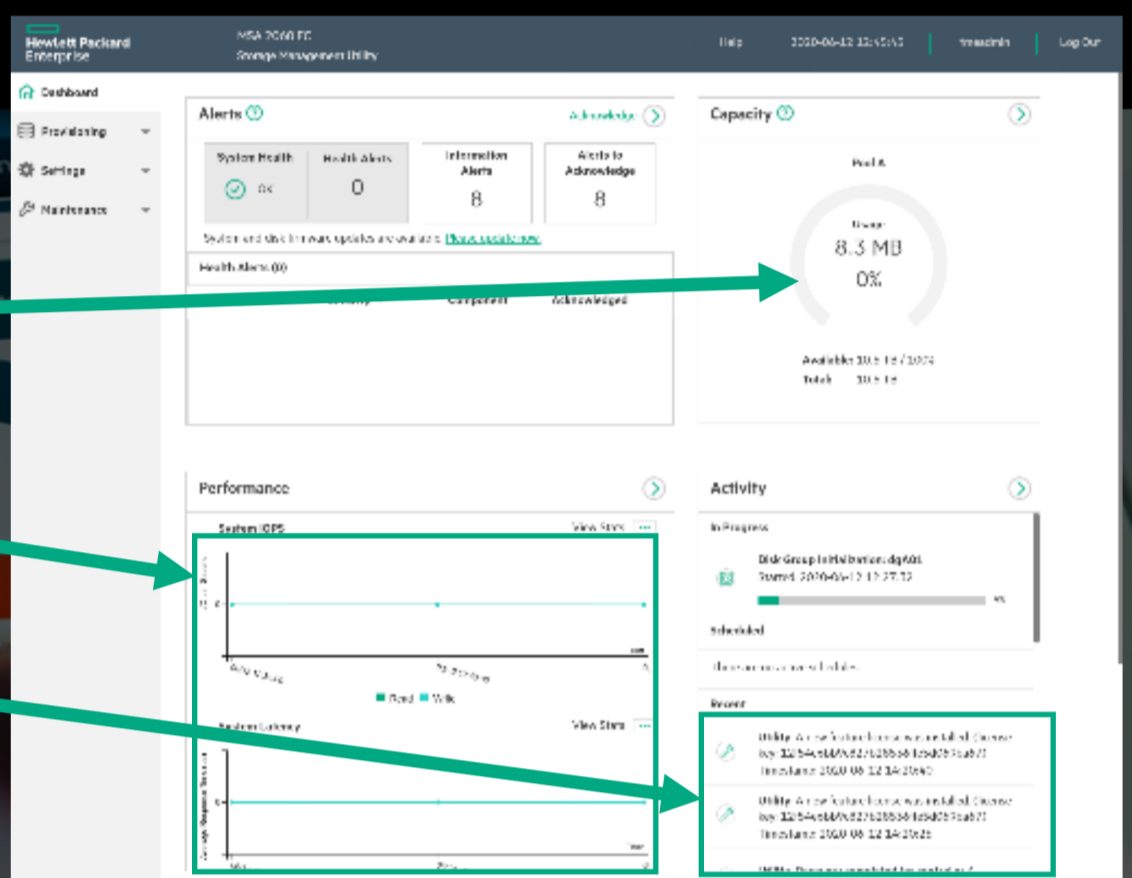

Benefits

- Resiliency, application availability and uptime
- Amazing performance at a low cost
- Provides flexibility, customers choice
- Capacity expansion as needs change
- Ability to deliver secure solutions
- Pay for what you need, when you need it
- Simplifies set-up, management, expansion. Dramatically reduces rebuild times

REDEFINING SIMPLICITY: HPE MSA GEN6 SMU 4.0 At-A-Glance, at your fingertips at a moment's notice!

New Simplified Dashboard

- Utilization
- Alerts
- Performance Data
- Activities History
- Scrollable Change Log page
- Drill-down capable

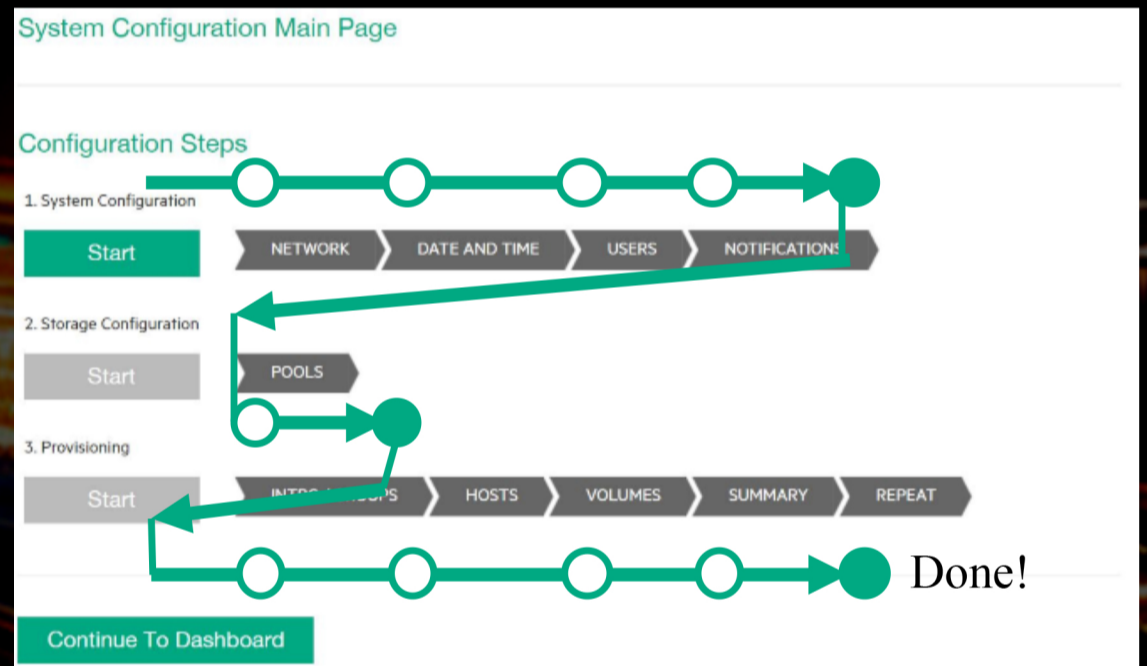

What you need—At-a-glance, at your fingertips, right now!

REDEFINING SIMPLICITY: HPE MSA GEN6 SMU 4.0 Guided workflows streamline tasks you do only occasionally

Guided Workflows

- Eliminate errors
- Makes complicated steps easier to follow
- Skip the manual

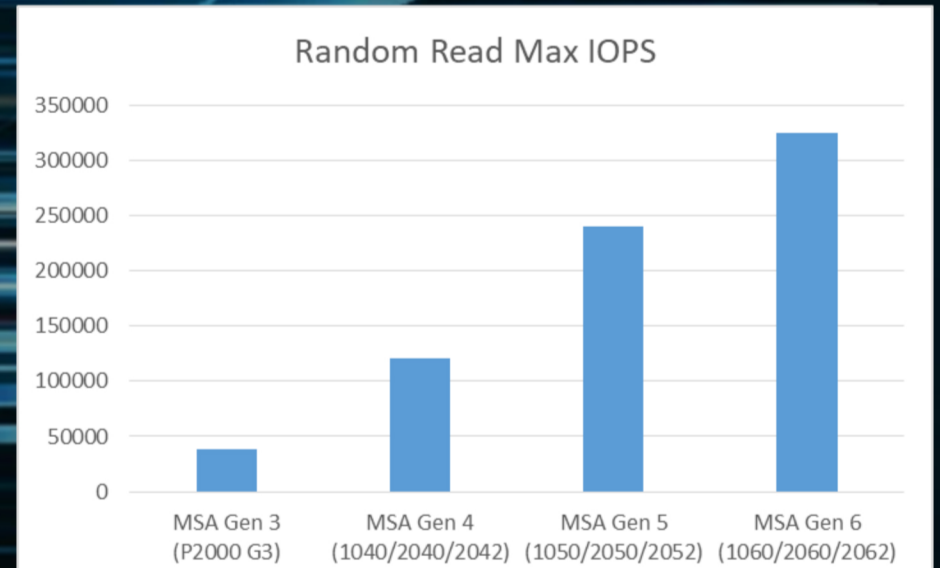

No errors, no mistakes, nothing forgotten and all without needing a manual!

HPE MSA DELIVERS AMAZING PERFORMANCE FOR YOUR \$\$\$ MSA Gen6 performance is enabled through a new G6 RAID Acceleration ASIC

Who needs IOPS? How many are enough?

- Performance equates to happier users!
- IOPS, lower latencies and throughput bring “snappiness” to your applications. Make those users more productive
- Tools/technologies like Tiering 2.0 help get that performance to those users

IOPS you can see in reports—but it's really about IOPS your users can FEEL!

MSA'S HANDS-FREE PERFORMANCE TIERING ENGINE DELIVERS!

MSA's Proven Performance Tiering Engine

- Simple setup
- Automatically responds to changes in I/O in real-time
- Delivers Application acceleration to ANY workload
- New Tiering 2.0 enhancements make it another 45% more efficient than prior generation
- Included in MSA ADS SW license and standard on HPE MSA 2062s

Set it—Forget it! The MSA Tiering Engine moves hottest data to fastest media real-time, 24hrs a Day. 2x to 4x more performance vs HDD only!
