- 4 built-in Windows PC
- 5 launch dock
- 6 two 10-Watt speakers
- 7 video conferencing

reddot winner 2021

Benefits

10-POINT IN-CELL TOUCHSCREEN IPS touchscreen encourages in-room collaboration. Share notes, writings, drawings ¹ , and images created in meetings.	SMART AUTO FOCUSING² The UHD 4K camera automatically tracks and focuses on the speaker and can capture voices up to six meters away.	VIDEO CONFERENCING APPLICATION LG's One:Quick Remote Meeting works virtually seamlessly with One:Quick Works allowing users to share documents in various formats and perform real-time interactive drawings.	EASY-TO-USE CONFERENCE APP STORE One:Quick Works provides shortcuts for installing video conferencing and collaboration apps.
OPTIMIZED USER EXPERIENCE User-friendly interface can adjust network settings for meetings, screen division, and display settings, while the One:Quick Works launcher provides quick and easy access to video conferencing apps.	NEXT LEVEL MULTITASKING WITH "SPLIT VIEW" SCREEN MODE Additional screens can be shared among members during a video conference, and discussions can be facilitated by writing ideas on the touchscreen.	VOICE RECORDING³ Rather than keeping separate meeting minutes, simply record the meeting and share files with participants via e-mail.	2-WAY INSTALLATION Depending on your surroundings and needs, choose between wall or desktop installation ⁴ .

LG One:Quick Flex

WORKING FROM HOME OR USING AN INTERACTIVE DISPLAY FOR A HUDDLE ONE:QUICK FLEX HAS YOU COVERED

LG One:Quick Share

WIRELESS SCREEN SHARING SOLUTION FEATURES USB 2.0 TYPE-A CONNECTIVITY, EMBEDDED WI-FI, AND PC APPLICATION REMOTE SETTING CONTROL.

LG's One:Quick Share is a wireless screen sharing solution for LG's webOS™ Signage⁶. With One:Quick Share, you can simply share personal PC screens to signage using your PC's USB port. The One:Quick Share offers easy initial setup, as well as the ability to manage your LG Signage's basic functions⁷.

- 1 One:Quick Share is compatible with LG signage equipped with webOS™ 4.0 or later
- 2 Pair each One:Quick Share device to the LG Display
- 3 Share your PC screen by connecting the One:Quick Share to your PC's USB port. Up to 4 PCs with One:Quick Share can be connected to the LG display

Model: SC-00DA

Benefits

AUTOMATIC PAIRING⁸ & EMBEDDED WIFI One:Quick Share devices automatically pair to LG Displays and the display will remember the One:Quick Share device. LG Signage's SoftAP function ¹⁰ lets you share your PC screen via One:Quick Share without an additional transceiver.	PLUG & PLAY Once paired, you can simply share your PC screen with LG Signage by plugging in the One:Quick Share to your PC's USB port.	REMOTE-FREE SETTING CONTROL¹⁰ The One:Quick Share PC application allows you to adjust the LG Signage default settings without a remote control. You can also edit agendas, notes, and presentation settings of "Office Meeting Mode" ¹¹ .	SCREEN MANAGER¹² Screen Manager allows you to manage shared screens, change the order of split screens, stop sharing, or even select the desired screen among other connected screens.
