## Surface business value

**86%**  
Of survey respondents agree that Microsoft 365 and Surface improved employee satisfaction.<sup>1</sup>

**75%**  
Reduction in IT help desk call times on Microsoft 365-powered Surface device deployments.<sup>1</sup>

**4HR**  
Saved per device in reduced IT time to provision and deploy Surface devices thanks to Microsoft Autopilot and Microsoft Endpoint Manager.<sup>1</sup>

**49%**  
of survey respondents with Surface devices reported reduced security incidents experienced annually, compared to only 40% of non-Surface respondents.<sup>1</sup>

### ADDITIONAL VALUE

#### Device consolidation

In many instances, users can consolidate devices by reducing need for companion tablets, Wi-Fi hotspots, and other accessories built into Surface.

#### Improved productivity

A recent Forrester TEI report shows that users were able to save time and get more done with Surface for Business devices.

<sup>1</sup>A commissioned study conducted by Forrester Consulting on behalf of Microsoft, June 2020. "Maximizing Your ROI From Microsoft 365 Enterprise With Microsoft Surface"
