

New Surface Pro 7+ for Business

The way we work has changed

Remote and hybrid work bring benefits, but also challenges

Increasingly complex IT environments due to number of new devices connecting to the corporate network

Need to provision and deploy devices remotely without sacrificing security

Pressure to scale, bring services to market faster, and reduce costs

Teams need flexible, productive, and secure work from home options

Growing cyberthreats require more advanced security across devices, users, apps, and their data

Surface for Business unlocks more value

Surface customers save time and money with streamlined deployment, modern device management, and built-in, cloud-powered security. Empower people, data, and systems with connected experiences from Surface and Microsoft 365.

Surface Pro 7+ lets you maintain control of your sensitive information with a removable hard drive for data retention.

The investment you make in accessories is designed to last. Surface Pro accessories, like Type Covers, mice, and Surface Pen,* are universal, compatible across generations.

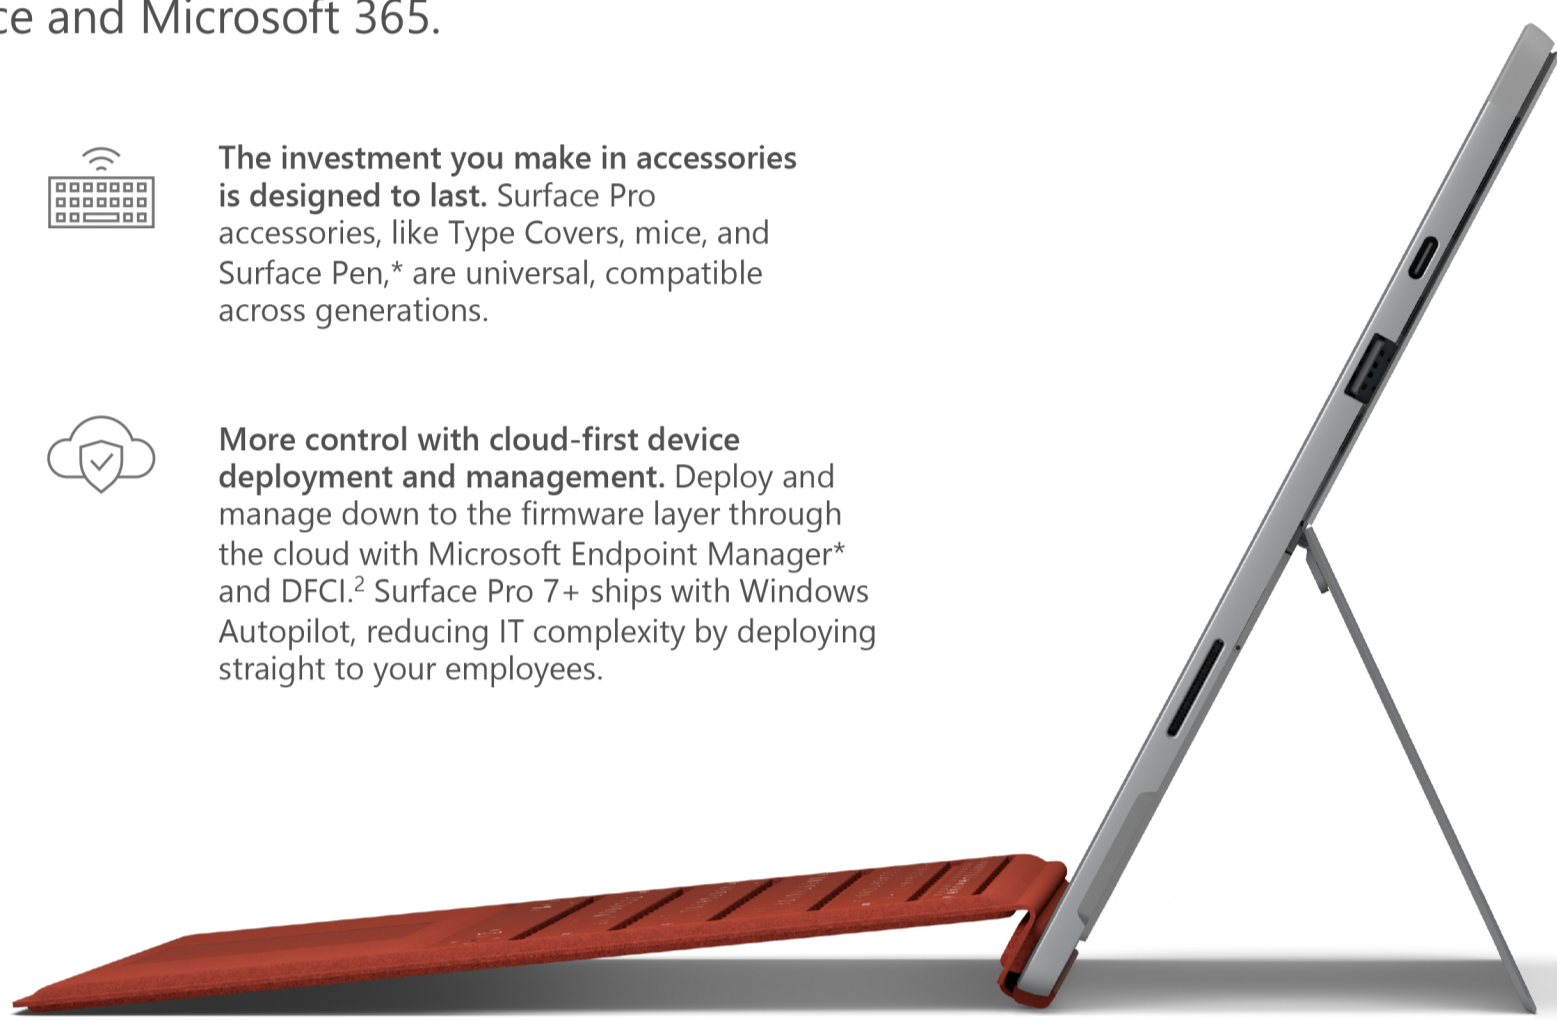

Make the most of your investment in Microsoft 365,* the Windows 10 Pro you know and trust, the protection of Microsoft Enterprise Mobility + Security, and the productivity apps you rely on.

More control with cloud-first device deployment and management. Deploy and manage down to the firmware layer through the cloud with Microsoft Endpoint Manager* and DFCL.² Surface Pro 7+ ships with Windows Autopilot, reducing IT complexity by deploying straight to your employees.

Includes Advanced Exchange, an expedited replacement service, at no additional cost.¹

Ready to get to work

Get intensive tasks done faster than before with our lightweight 2-in-1 for business.

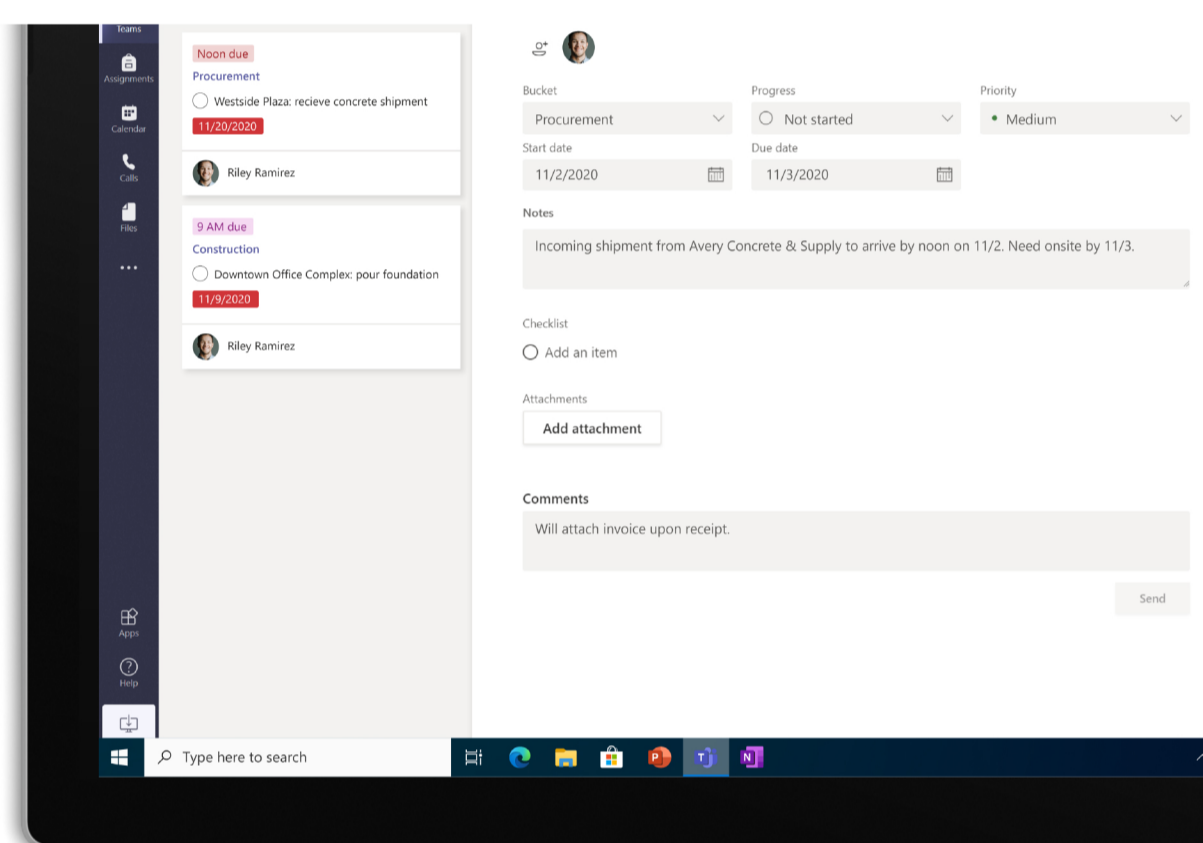

An 11th Gen Intel® Core™ Processor to power the professional-grade software you depend on.

Improved all-day battery life for a full day of meetings on the go—up to 15 hours.¹

Get back to work faster with Instant On when you open the Type Cover and enjoy improved standby that extends battery life for days.

More ways to share and collaborate

Hear, be heard, and look your best in virtual meetings, or use the camera to capture notes when whiteboarding in person.

Virtual meetings come to life
Show up crisp and clear with Dolby Atmos® speakers, dual far-field Studio Mics, and a front-facing 5.0 megapixel 1080p HD camera.

Capture notes and inspiration
Snap a picture or scan documents with the rear-facing 8.0 megapixel HD camera.

A brilliant display
The high-resolution 12.3" PixelSense™ Display touchscreen features ambient light sensing that automatically adjusts to lighting conditions.

The versatility you need

Surface Pro 7+ adapts to you, wherever and however you work your best

Tablet mode. Get to work on a touch-first, pen-enabled tablet. Just close the Kickstand and remove or fold back the Signature Keyboard.*

Studio mode. Lower the innovative, built-in Kickstand for the perfect 15-degree writing and drawing angle with Surface Pen.*

Laptop mode. Open the Kickstand and add Surface Pro Signature Keyboard* for a full work laptop experience anywhere.

Desktop mode. Connect to an external monitor via USB-A and USB-C® ports or Surface Dock 2* and instantly transform Surface Pro 7+ into a workstation.
