ThinkPhone
by motorola

Think together.
ThinkPhone.

When business devices work seamlessly together, business works better. That's why there's the **Lenovo ThinkPhone by Motorola**, which brings PC and mobile experiences together like never before.

It's about boosting productivity—but it's about security too. With ThinkPhone, keep business data safe from threats with trusted security and years of updates. Protect your investment with proven Think quality and durability. Double your efficiency by powering up your ThinkPad and ThinkPhone with a single, ultra-fast charger. And handle even the heaviest workflows with a Snapdragon® 8+ Gen 1 processor.

Want a business that works better together? Become one with **ThinkPhone**.

Lenovo

TRUSTED SECURITY AND UPDATES

With ThinkShield built-in, ThinkPhone keeps data protected from malware and other threats with end-to-end security—and stay up to date for four years.
THINK 2 THINK EXPERIENCES

Boost business productivity everywhere by seamlessly integrating mobile and PC experiences.

PROVEN THINK QUALITY AND DURABILITY

Built tough with IP68 underwater protection[1], MIL-STD-810H resistance testing[2], aluminum frame and Gorilla® Glass Victus®.

PREMIUM-TIER POWERHOUSE

Power up your ThinkPad and ThinkPhone with a single 68W charger. Do business on the move with 5G[3] and handle the heaviest workflows with Snapdragon® 8+ Gen 1 processor.

UNIQUE EXPERIENCES WITH THINK 2 THINK

ThinkPhone is the perfect companion for ThinkPad. Boost business productivity everywhere by seamlessly integrating mobile and PC experiences.

WIRELESS. SEAMLESS. PRICELESS.

There's no need to pair devices every time. ThinkPhone and ThinkPad[4] automatically recognize each other for a seamless experience.

COPY HERE. PASTE THERE.

You can copy and paste text or images between devices just like you're doing it on a PC[4]. Move an image from your ThinkPhone to your ThinkPad.

NOTIFICATIONS, ALL TOGETHER NOW.

Phone notifications instantly appear in the Windows Action center, so you can answer a call or reply to messages right from your ThinkPad[4].

DRAG AND DROP. SIMPLE AS THAT.

Transfer files or images between your ThinkPhone and your ThinkPad[4] using the simplest, most intuitive way ever invented. Just drag and drop.

EXPAND YOUR VIEW

Run apps from your ThinkPhone on your ThinkPad[4]. Use Android apps more naturally and intuitively on the big screen, so you get right to what matters.

LOOK SHARP

Use the advanced 50MP camera on ThinkPhone as a high-quality PC webcam[4]. You can even use the ultra-wide camera to fit more in the frame, with advanced subject tracking to ensure you stay in it[5].

GET DOWN TO WORK

Enjoy a desktop computing experience right from ThinkPhone. No PC required. Use the phone and all its apps on an external monitor for a complete desktop experience[6]. Add a Bluetooth® keyboard and mouse[7]. Type, swipe, and click the way you're used to, including keyboard shortcuts and right-mouse click.

ACCESSORIES

FOR YOUR EYES ONLY

The Privacy Screen Protector keeps screen content secure from curious eyes.

The privacy film makes the display dark when viewed from the sides, so you can use your device confidently no matter where you are[8].

SAY GOODBYE TO WIRES

TurboPower™ wireless charging gives you hours of power in just minutes[8,9]. And it works with or without wires.

The elegant charging stand adapts to a variety of environments, from home to the office.
