

Tech in a class of its own.

Supporting and enhancing education.

Collaboration

Reshaping the learning experience
in the connected classroom.

Social learning

Seamless integration of education
across platforms – anywhere.

Connectivity

Connect into a highly interactive learning experience.

Tablet solutions.

Complete your classroom tablet solutions with accessories that enhance learning, pushing your devices past their intended use.

Stage Portable Tablet Projector Stand

The spotlight's on classroom engagement.

- Stable, adjustable platform turns your tablet into an interactive presentation tool
- Integrated cable management keeps USB and power cords out of the way
- Case-compatible design works with tablets from 7" to 11" diagonal
- Optimized for use with the Stage interactive whiteboard and document camera app. Available on the App Store™ or Google Play™ store

EDC001

Universal HDMI to VGA Adapter Kit with Audio

Bridging the gap in education.

- HDMI-F to VGA-F adapter, HDMI-M to HDMI-M converter, 3.5mm audio cable (1m) and "anyone can install" instructions
- No drivers, software or external power adapters needed
- Tested in USA-based labs and FCC and CE certified
- Supports Apple TV®, Chromecast™, Chromebook™ with HDMI, Roku® Streaming Stick™, Raspberry Pi™, full-power HDMI laptops, and several other AV devices

B2B137-BLK

Stage Portable Tablet Stage

Put your lessons on Stage.

- Stable, adjustable platform turns your tablet into an interactive presentation tool
- Case-compatible design works with most tablets and smartphones
- Flexible and portable, designed for easy mobility
- Integrated cable management keeps USB and power cords out of the way
- Optimized for use with the Stage interactive whiteboard and document camera app. Available on the App Store™ or Google Play™ store

B2B118

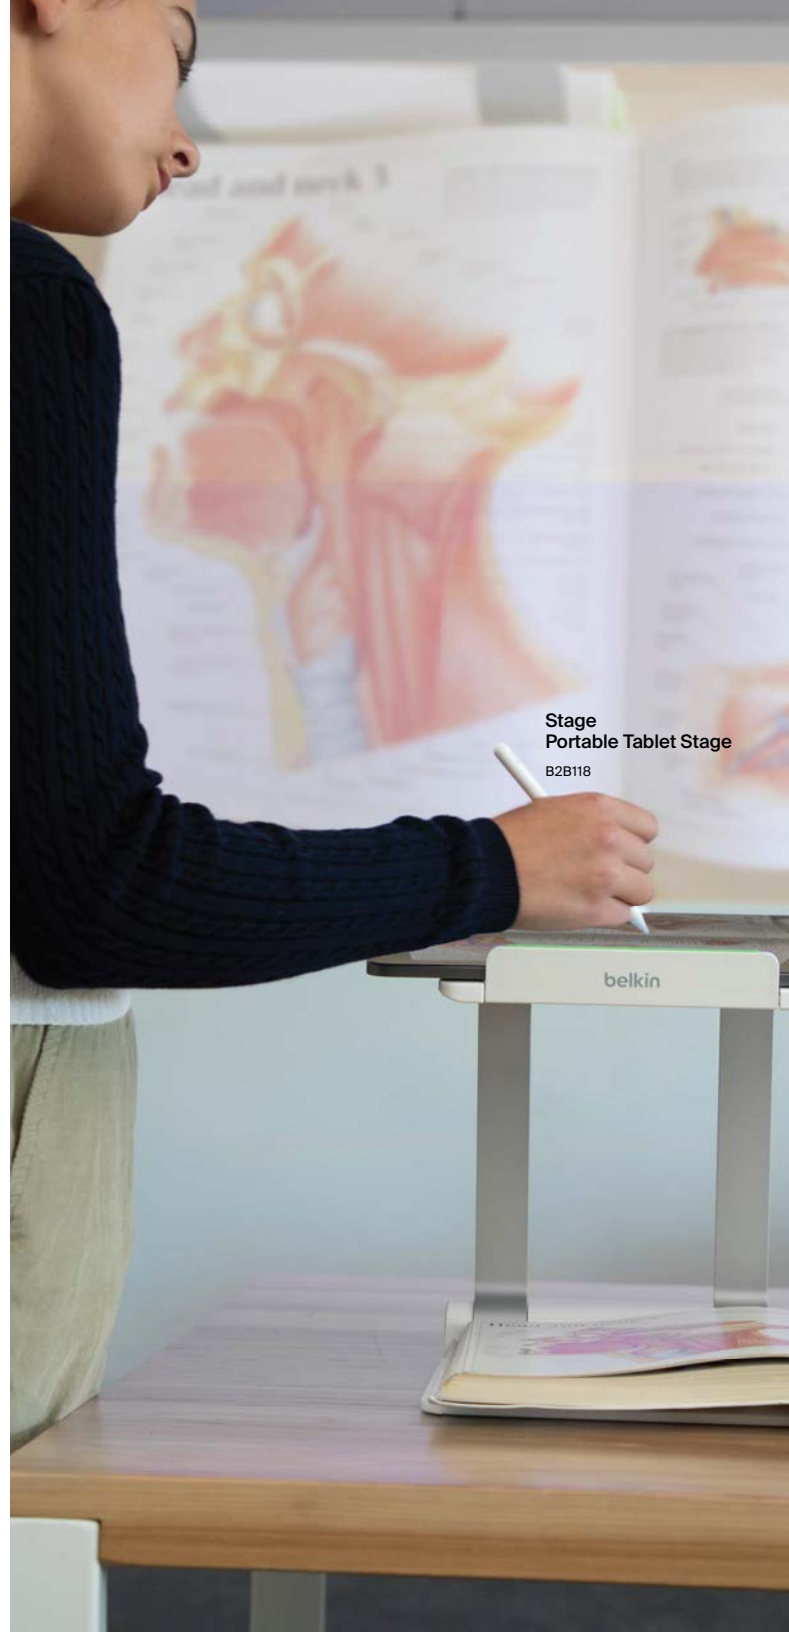

Connect Keyboard Cases - coming soon!

The keys to productivity.

- Backlit Bluetooth keyboard for easy viewing
- Multi-gesture controls on touchpad to scroll and navigate with familiar functions
- Auto wake/sleep when opening
- Large, click-anywhere trackpad
- Space for magnetic storage of Apple Pencil (not included)
- Long-lasting battery holds charge independently from iPad
- Slim, portable design

BBZ001 (Everyday Keyboard Case with Cradle for iPad Air 10.9" and iPad Pro 11")
BBZ002 (Pro Keyboard Case with Magnetic Stand iPad Air 10.9" and iPad Pro 11")
BBZ003 (Pro Keyboard Case with Magnetic Stand for iPad Pro 12.9")

3-Outlet Power Cube with 5-Foot Cord and 3 USB-A Ports

[Get direct, plug-in power for up to 6 devices.](#)

- Charge 6 devices at the same time: 3 AC outlet + 3 USB Ports
- Convenient 5 ft. cable included
- Overvoltage, overcurrent and overload protection

SRA006p3tt5

Surge protection.

When power surges and spikes happen, devices can be irreparably damaged, interrupting your class. Rigorous testing and end-to-end control of the manufacturing process make our surge protectors safe to protect classroom devices.

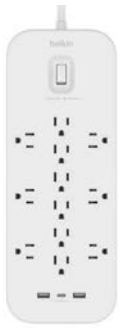

12-Outlet Home/Office Surge Protector w/Phone/Ethernet/Coax Protection

[12 outlets with more space for big plugs.](#)

- 12 AC outlets, 2 USB-A + 1 USB-C port
- 6 block-space outlets
- 4120-joule energy rating
- Built-in Ethernet and phone-line protection ensures open and continuous connections

BE112234-10

12-Outlet Surge Protector with USB-C and USB-A Ports

12 outlets ensure your devices are safe.

- 12 AC outlets, 2 USB-A + 1 USB-C port
- 4000 joules surge protection
- Overvoltage, overcurrent, and overload protection
- LED light indicates product is protected

SRA007p12tt6

10-Socket Metal Surgemaster

Protect up to 10 devices from surges and spikes.

- Safe power from 10 grounded AC sockets
- For classroom and office environments
- Metal case provides protection from power surges, AC contamination and spikes

F9D1000-15

6-Outlet Home/Office Surge Protector

6 AC outlets protect against surges.

- 6 surge-protected outlets with 555-joule energy rating
- 2.5-foot heavy-duty power cord
- Maximum spike amperage of 36,000 amps
- Lifetime Product Warranty and \$15,000 Connected Equipment Warranty

BE106000-2.5

USB Wall Mount (10W, Combined)

6 outlets save space and ensure surges don't damage devices.

- Space-saving wall-mount design provides 6 extra outlets
- 2 USB ports (2.1A combined) charge tablets, smartphones and other mobile devices
- 900-joule energy rating for superior home office electronic protection
- Indicators let you know equipment is secure

BSV602tt

Charging stations.

Charging stations require reliability and speed to ensure classes don't stall out. Belkin supplies educators with quality chargers that combine power with convenience and compatibility.

Store and Charge Go

Universal storage and charging – now mobile.

Store and Charge Go is the ideal charging solution to save time in busy classrooms. Removable five-compartment trays allow for fast, easy distribution of devices among students. Easy-to-carry handles on the trays ensure maximum portability, to make transporting devices from the base unit safe, manageable, and convenient.

- 2 x 5-unit removable trays provide portability for mobile devices
- Store and charge up to 10 Chromebook devices, laptops, or tablets simultaneously
- Base unit is wall-/desktop-mountable to save space
- Base unit houses all chargers and cables to minimize clutter
- AC/USB compatible
- Includes surge-protected power source with \$15,000 Connected Equipment Warranty*

B2B140 (AC version, configured with bins)

B2B156 (optional mounting bracket)

B2B160 (USB version, configured with bins)

B2B161 (USB version, configured with fixed dividers)

*AC version only, USB version \$5,000 Connected Equipment Warranty / Limited Lifetime

Store and Charge Go with Fixed Dividers

A fixed divider solution with more durability than standard dividers.

- Charge 10 devices simultaneously with fixed divider compartments
- Compatible with multiple device types and brands
- Wall-/desktop-mountable base
- Rack is designed to incorporate proper ventilation.
- Base unit houses chargers and cables, front and side slots organize cables
- Fixed dividers have no height or length restrictions, allowing almost any classroom device to fit
- Lock protection offers added security (lock not included)

B2B141

Secure and Charge

Easy deployment and support for classroom tablets.

- Lockable security enclosure deters tampering and theft
- Allows for wireless syncing
- Store and charge up to 10 iPad®, Android™ or Windows® tablets at easy-to-reach angles
- Compatible with devices and cases up to 13" diagonal and 1.18" thick
- Built-in cable management minimizes tangles and clutter
- Surface-mounting allows unit to be securely attached to tables or carts and are stackable to save space
- AC/USB compatible
- Includes surge-protected power source with \$15,000 Connected Equipment Warranty*

B2B117 (AC version) *AC version only, USB version \$5,000 Connected Equipment Warranty / Limited Lifetime
B2B117 (AC version) + B2B139 option available. Add USB-C charging to extend product versatility.

Rockstar™ 10-Port USB Charging Station

Fast charging for mobile devices, x10.

- 10 x 2.4A USB-A ports optimally charge up to 10 mobile devices simultaneously
- 120W external power supply output ensures enough power for all devices
- Intelligent charging delivers correct output to each connected device
- Backed by a \$5,000 Connected Equipment Warranty*

B2B139 / *Limited Lifetime

Store and Charge Station

Less hassle, more learning.

- Store and charge up to 10 devices, including laptops, tablets; and Chromebook devices
- Compatible with devices and cases up to 13" diagonal and 1.18" thick
- Built-in cable management minimizes tangles and clutter
- Open setup facilitates easy access and wireless syncing
- Mounting features attach securely to tables or AV carts
- AC/USB compatible
- Includes surge-protected power source with \$15,000 Connected Equipment Warranty*

B2B074 (AC version) / B2B162 (USB version)
*AC version only, USB version \$5,000 Connected Equipment Warranty / Limited Lifetime

BoostCharge 8-Port Charging Station (USB/AC)

Accessible, organized power.

- One exposed USB outlet is available for attendees to connect their cable
- Four AC outlets provide 360° access to power
- Three secure USB outlets that can be equipped with any USB-compatible cable
- Easy-to-mount bottom plate secures charging station to surface without professional installation

B2B167

Wall chargers.

Wall chargers must be reliable, convenient, and fast to ensure classes aren't interrupted. Belkin supplies educators with premium wall chargers that combine power with convenience and compatibility.

Connect USB-C Core GaN Power Adapter 100W

100W fast charging PD with GaN technology.

- Up to 100W of fast-charging Power Delivery
- Integrated GaN technology gives a high-power, efficient charge
- Universal USB-C compatibility
- Compact, portable design

INC016ttBK

BoostCharge USB-C PD 3.0 PPS Wall Charger 30W

Designed to deliver an optimal charge to more devices.

- Fast charge a variety of devices
- Power Delivery with PPS technology delivers up to 30W of dynamic power
- USB-C PD 3.0 certified
- Compact, travel-ready design with foldable prongs (US only)

WCA005dqWH

BoostCharge USB-C to USB-C Cable (2m / 6.6ft)

CAB003bt1MWH

BoostCharge USB-C PD 3.0 PPS Wall Charger 25W

Designed to deliver an optimal charge to more devices.

- Optimized for iPhone®, Samsung and other USB-C PD-enabled devices
- Dynamic Power Delivery with PPS technology delivers up to 25W to compatible devices
- Certified USB-C PD 3.0 PPS delivers a safe and fast charge
- Compact and travel ready

WCA004dqWH

BoostCharge USB-C Cubic Wall Charger 20W

Budget-friendly and safe for charging on-the-go.

- Compact size with foldable prongs that make it great for travel
- Up to 20W of fast charging for one device
- USB-C PD 3.1 certification ensures the product is safe, compliant and meets required specs
- Supports charging a wide range of Power Delivery-enabled devices

WCA009dqWH

Connect USB-C Core GaN Power Adapter 100W

Audio accessories.

Belkin's innovative audio products are designed specifically for the classroom and distance learning, giving kids access to safe, durable and high-quality audio solutions customized for them.

SoundForm™ Mini Wireless On-Ear Headphones for Kids

Premium-quality SoundForm headphones, reimagined for kids and designed to work with popular distance-learning devices and apps.

- Premium headphones designed for the classroom and distance learning
- 28–30 hours of battery life for nonstop listening with minimal charging between use
- Maximum volume of 85 dB* protects kids' ears
- Spill- and accident-proof materials for durability of up to 2 years
- Intuitive controls are easy for kids to use
- Connect and listen with Bluetooth or an optional wired connection
- Available in white, pink, blue and black

AUD001btBKV3 / AUD001btBKV3CS (with case) / AUD002btBKV3
* Maximum 85 dB in Bluetooth mode.

SoundForm Inspire Wireless Over-Ear Headset for Kids

Wireless over-ear kids' headset.

- Comfortable fit kids' ears crave
- Over-ear design isolates noise
- Safe Sound technology protects young ears
- Flip-up boom mic optimized for voice
- Connectivity options: USB-C, 3.5mm auxiliary cable, Bluetooth.

AUD006btBLK / AUD006btLV

SoundForm Mini Wired On-Ear Headphones for Kids

Safe Sound, adjustable headband, and built-in mic designed just for kids.

- Wired on-ear headphones with Safe Sound
- Safe Sound for kids, with 85 dB volume limiter
- Kids can talk through built-in mic
- Soft, adjustable headband offers a kid-sized fit

AUD004btBK

SoundForm Adapt Wireless Over-The-Ear Headphones

Hear and be heard.

- Boom mic with flip-to-mute function and ENC (Environmental Noise Cancellation)
- Bluetooth 5.2 connects easily to devices within 30 ft.
- Bluetooth Multipoint technology allows for connection to two devices simultaneously
- 40mm drivers for high-fidelity sound
- USB-C port for fast charging and wired audio input
- 3.5mm audio input
- 65 hours of playtime with a full charge
- Foldable, extendable, and comfortable over-ear design

AUD005btBLK

SoundForm™ Wired Earbuds with USB-C Connector

USB-C connected wired earbuds for kids.

- USB-C connection with easy control button
- 10mm drivers for high-fidelity, immersive audio
- Durable, tangle-free 4 ft./1.2m cable
- All-day comfort and a solid seal for noise isolation

G3H0002btBLK

SoundForm™ USB-C Wired Earbuds with Adjustable Volume Limiter

Adjustable volume limits allow for more options.

- USB-C connection
- Two volume limit settings: 85 dB or 100 dB
- Built-in microphone
- IPX5-rated sweat and splash resistance
- 10mm drivers for high-fidelity, immersive audio
- Durable, tangle-free cable
- Plug and play, no charging required

G3H0002btBKV2

Adapters.

Elevate your connectivity experience with Belkin's versatile range of adapters. Whether you need to amplify, simplify, or diversify your connections, Belkin offers a comprehensive suite of solutions to meet your every need.

Connect USB-C to Ethernet + Charge Adapter 100W

[Connect to the Ethernet and stay charged.](#)

- Plug-and-play adapter
- Connect a USB-C device to internet at reliable Gigabit speeds while staying charged
- Power Delivery up to 100W

INC019btBK

USB-C to Ethernet + Charge Adapter (60W)

[Connect to the Ethernet and stay charged.](#)

- Plug-and-play adapter
- Connect a USB-C device to internet at reliable Gigabit speeds while staying charged
- Power Delivery up to 60W

INC001BK-BL

USB-C to VGA + Charge Adapter (60W)

Screen video from a USB-C device to VGA and stay charged.

- Plug-and-play adapter
- Display content from a USB-C device while staying charged
- Power Delivery up to 60W

AVC001BK-BL

USB-C to HDMI + Charge Adapter (60W)

Screen video from a USB-C device to HDMI and stay charged.

- Plug-and-play adapter
- Display content from a USB-C device while staying charged
- Power Delivery up to 60W

AVC002BK-BL

USB-C Video Adapter

Screen video from a USB-C device to a legacy device.

- Plug-and-play adapter
- Display video content from a USB-C device to any legacy device: HDMI, DVI, DisplayPort or VGA

USB-C Multimedia + Charge Adapter (100W)

Plug in your peripherals and stay charged.

- Plug-and-play adapter
- Connect a USB-C device to multiple peripherals (HDMI, VGA, USB-A, Gigabit Ethernet, USB-C PD) while staying charged
- Power Delivery up to 100W

AVC004BK-BL

Connect
USB-C 6-in-1 Multiport Adapter
AVC008btSGY

USB-C 4-in-1 Core Hub

[Connect it all in one place.](#)

- Single adapter for charging and sharing for easy hassle-free connection
- Tethered USB-C cable for simple plug-and-play connection
- HDMI output supports up to 4K @30Hz resolution
- VGA output supports up to 1920x1200 @60Hz resolution
- Gigabit Ethernet port

AVC005BK-BL

Connect 45W Power Hub

[Quickly connect to a larger screen.](#)

- Connect a Chromebook or other USB-C laptop to a larger screen
- 1x USB-C PD, 1x USB-A 3.1 Gen 1, 1x HDMI 1.4
- Supports up to 4K @30Hz video
- Compact design plugs directly into an outlet
- Delivers up to 46.5W of power

AVC010ttBK

Connect USB-C 6-in-1 Multiport Adapter

6 ports with up to 100W PD for connected devices.

- Turn a single USB-C port into multiple ports
- Gigabit Ethernet, USB-C PD, SD card reader, 2x USB-A, 4K HDMI
- Up to 100W Power Delivery

AVC008btSGY

Connect USB-C 7-in-1 Multiport Adapter

One USB-C port turns into 7 ports with up to 100W PD.

- Turn a single USB-C port into multiple ports
- 4K HDMI, USB-C, 2x USB-A, SD and MicroSD card readers, audio
- Up to 100W Power Delivery

PVC003btSGY

Connect USB-C 7-in-1 Multiport Adapter

PVC003btSGY

USB-C docking stations.

With a variety of docking stations, Belkin offers a universal solution for schools using a mix of MacBook, Chromebook and Windows devices. Super-fast data transfers, high-def visuals and pass-through power improves efficiency in classrooms while connecting students to multiple peripherals, displays, high-speed internet and more.

Connect Universal USB-C 8-in-1 Dual Display Core Hub

Power and productivity.

- Enhance your laptop's capabilities with 8 additional ports through one Universal USB-C connection
- Control your workstation with additional key ports
- Expand to dual monitors with resolution up to 4K @60Hz for one and 4K @30Hz for the other
- Enjoy universal USB-C compatibility
- Features USB-C & USB-A ports
- Take advantage of fast transfer speeds up to 10 Gbps

INC015btSGY

Connect Universal USB-C 11-in-1 Pro Dock

Ready to plug and play.

- Silicon Motion technology adds more power and productivity to your setup
- Additional key ports offer more connectivity options
- Expand screens up to 3 monitors with resolution up to 4K @60Hz for one monitor
- Doubles as a laptop stand featuring a centered 13.7-inch connection cable, enabling easy connecting to your laptop in any space
- Ensure your peace of mind with a built-in Kensington lock for added security

INC014btSGY

Connect USB-C 6-in-1 Core GaN Dock 130W

Small, but mighty.

- Offers multiport connections for power, data, video and Ethernet through a single USB-C connection
- Premium and compact design featuring a built in 130W GaN chip
- Features USB-C and USB-A ports to power your peripherals
- Supports up to 5 Gbps data transfer speeds from USB-C or USB-A ports
- Enjoy UHD 4K @60Hz support for a single monitor via HDMI
- Protected by Belkin 5-point safety system featuring fire-resistant housing materials and tested to protect against over-current, over-temperature, short circuit, and overload

INC018ttBK

Connect Universal USB-C Triple Display Dock

More ports, more options.

- Connect to up to 3 extended displays in up to 4K video resolutions
- Universal display connectivity for MacBook, Chromebook, and Windows laptops
- Includes 3x HDMI and 2x DisplayPort video ports, 5x USB-A, USB-C, Gigabit Ethernet, audio in/out ports
- USB-C PD charging up to 85W for your laptop and other connected devices
- Comes with a 150W PSU & USB-C to USB-C cable

INC007ttBK

Connect USB-C 6-in-1 Core GaN Dock 130W

INC018ttBK

Connect Universal USB-C 11-in-1 Pro Dock

Ready to plug and play.

- Silicon Motion technology adds more power and productivity to your setup

Connect Thunderbolt™ 4 5-in-1 Core Hub

Room for all your peripherals.

- 4x Thunderbolt 4 Ports for extended connectivity
- Up to 40 Gbps data transfer speeds
- Monitor support for dual monitors up to 4K @60Hz, or a single 8K @30Hz
- Power Delivery up to 96W for charging connected device
- Daisy chain up to 6 Thunderbolt-equipped devices
- 1 x USB-A port for convenient extended connectivity for additional devices

INC013ttSGY

Secure wired keyboards.

Belkin secure wired keyboards help ensure test validity, eliminate Bluetooth® vulnerability, increase network security, and create a better computer learning environment.

Wired Keyboard with Stand for Tablets

The ideal companion for your tablets.

- Two connecting variations available
- Lightning® connector MFi certified by Apple for use with iPad® devices
- USB-C connector version compatible with Chrome OS™ tablets
- SBAC and PARCC testing compliant
- Integrated case-compatible stand allows portrait or landscape orientation
- Plug and play – no additional software required
- Durable, stackable design
- Cable management compartment
- No batteries or charging required

B2B130 (Lightning connector) / B2B191 (USB-C connector)

Secure Wired Keyboard for Tablets

Connects directly and securely and it does not require batteries or recharging.

- Two connecting variations available
- Lightning connector MFi certified by Apple for use with iPad devices
- USB-C connector version compatible with Chrome OS tablets
- Plug and play – no additional software required
- Full-size keys
- “Correct connect” diagnostic indicator
- Durable, lightweight design
- Multimedia control keys
- Well-spaced keys for comfortable typing

B2B124 (Lightning connector) / B2B190 (USB-C connector)

Wired Tablet Keyboard w/ Stand for iPad
(Lightning Connector)

B2B130

Works With Chromebook™ certified accessories.

Take the guesswork out of office upgrades. Our certified Works With Chromebook products have gone through extensive testing and are proven to meet Chromebook compatibility standards. Look for the badge on our certified products.

USB-C to VGA Adapter (USB Type-C)

[For the collaborative classroom.](#)

- USB-C to VGA connectivity
- Connect a USB-C device to your legacy projector, TV or monitor
- Works With Chromebook certified

F2CU037bitBLK

USB-C to HDMI Adapter (USB Type-C)

[For the collaborative classroom.](#)

- Connect a USB-C device to an HDMI display
- Up to 4K display
- Works With Chromebook certified

F2CU038bitBLK

3.0 USB-C to USB-A Adapter (USB-C Adapter)

Connect USB-C enabled devices (Chromebook, Chromebook Pixel) to USB-A devices and peripherals (flash drives, keyboards, mice).

- Charge and sync data to your USB-C devices at up to 5 Gbps transfer speeds
- Reversible USB-C connector
- 3A charging output
- Works With Chromebook certified
