

MAN & MACHINE

FIT FOR PURPOSE SOLUTIONS

Man & Machine offers a complete range of washable keyboards and mice that are Fit for Purpose everywhere. Our rugged products are ideal for use in healthcare, dental, public safety, education, transportation, government, courts and retail environments. Designed with you in mind, our products are designed to reduce the transfer to germs and viruses commonly associated with high-touch surfaces (keyboards, mice, laptops, etc.). Easily clean and disinfect at the workstation without detaching from the PC.

- Washable, Waterproof & Sealed Keyboards and Mice
- Oil-Resistant & Public Safety Keyboards & Mice
- Wired & Wireless Keyboards & Mice
- Disinfectable Accessories
- Privacy Monitors

The Problem with Most Keyboards

Standard open-style keyboards have nooks and crannies where dirt, germs/viruses, and other bio-load can harbor, creating health hazards for user.
