

Meet Surface Pro X

Designed with the enterprise in mind

Built-in tools that empower real-time teamwork and connectivity from almost anywhere.

Multilayered protection from the chip to the cloud—and premium support when you need it.

Reduced IT complexity and cost with enterprise-grade security that deploys directly to your users.

Unified management and control to keep your users and the enterprise safe.

Service options that protect your investment and extend lifecycles.

Maximum productivity

Your ideas take center stage on the brilliant, virtually edge-to-edge 13" touchscreen. Our thinnest Surface Pro¹ now comes in new device and Keyboard* colors.

Deliver a first-class customer experience anywhere with reliable, always-connected blazing-fast 4G+ LTE.² Stay ready for action with up to 15 hours of battery life.³

Focus on your customers, not your computer. Work your best whether you need a touch-first, Pen-enabled tablet, a portable studio, or a laptop. Never lose your pen again with storage and charging built in.*

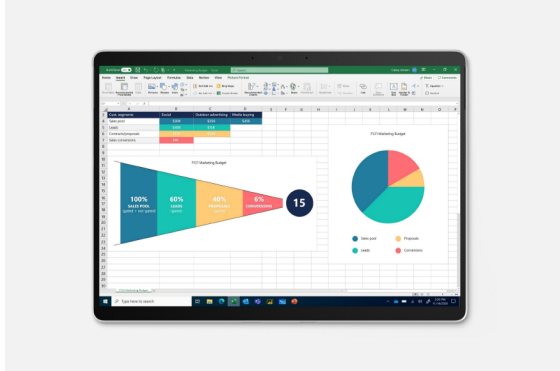

Give IT peace of mind with a removable hard drive.⁴ Surface customers save time and money with streamlined deployment, modern device management, and built-in, cloud-powered security.

The versatility you need

Surface Pro X adapts to you, wherever and however you work your best

Tablet mode. Get to work on a touch-first, pen-enabled tablet. Just close the Kickstand and remove or fold back the Pro X Signature Keyboard.*

Studio mode. Lower the innovative, built-in Kickstand for the perfect 15-degree writing and drawing angle with Surface Slim Pen.*

Laptop mode. Open the Kickstand and add Surface Pro X Signature Keyboard* for a full work laptop experience anywhere.

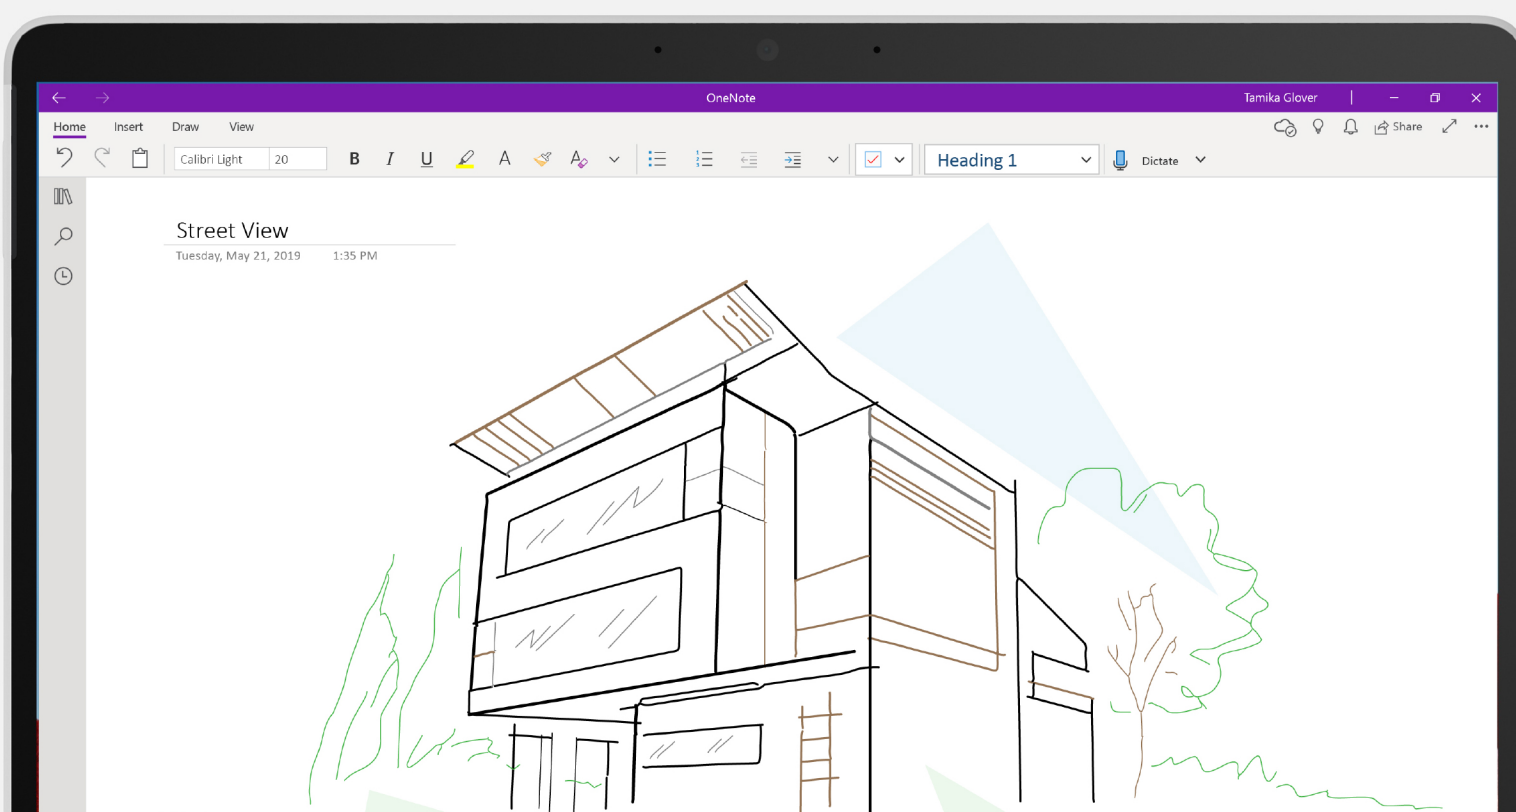

At your fingertips. Type comfortably on the full laptop-level keyboard or brainstorm naturally with the Surface Slim Pen stored securely and charged.*

Your ideas, center stage

Nothing but screen. Extremely thin bezels deliver an immersive, almost edge-to-edge 13" display that brings your work to life.

Ultra-thin, ultra-light, and ultra-versatile, you can gracefully slide Surface Pro X out of your bag and into your customers' hands. It's 7.3mm thin¹ and starts at just 1.7 pounds.²

Add color to the way you work. Choose from classic Matte Black or new Platinum, and new Surface Pro X Signature Keyboard* colors in Ice Blue, Poppy Red, or Platinum.

Remote work doesn't mean a compromise to customer relationships

Modem connections for multitasking. Two versatile USB-C® ports for connecting to dual external 4K displays, docking stations, or charging accessories.

Virtual meetings come to life with dual far-field Studio Mics, a front-facing 5.0 megapixel HD camera, and Eye Contact.

Make a more personal connection with Eye Contact. Powered by AI, Eye Contact automatically adjusts your gaze on video calls so you appear to be looking at the camera.
