

Migrating to Webex Cloud

In the year everything changed, Webex Cloud provides the complete collaboration experience

Users don't want tools, users want capabilities:

- ✓ More **features**
- ✓ More **flexibility**
- ✓ More **efficiency**
- ✓ More **control**

Give your users the features they need

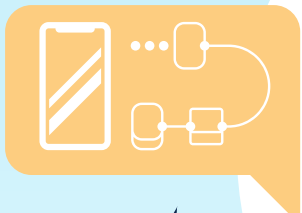

Webex Cloud supports teams with a complete cloud-based collaboration experience, including new user-friendly features:

-  Single client for Call, Meet and Message
-  Advanced meeting experience: setup, join and participate
-  Advanced video room devices and headsets
-  Automated meeting follow up and Assistant for notes
-  Work from home or any shared space
-  Manage and find meeting rooms and huddle spaces
-  Hide home life with virtual backgrounds
-  Advanced customer management applications

And get more flexibility for your business

Business Edition 6000 customers can get all the benefits of a cloud-based solution including Calling, Messaging, Meeting, Rooms and Contact Center with Webex Cloud

-  Single Platform and management application for all collaboration
-  Control cost and manage risk with flexible licensing
-  Deploy users to work at any location
-  Analytics-based collaboration investment
-  Focus support on management not building the platform
-  Open platform built on API and Bots for automation

Adapting to change has never been this easy

Ready to support the next stage in your business development, Webex Cloud is the flexible platform built for you. Manage adoption, subscription and your own costs through one easy application.

Are you ready to migrate to Webex Cloud?

For Business Edition 6000 customers, there's never been a better time to upgrade to the Flexibility of Cisco Webex Cloud.
