

Black: 77-97262

Artic Haze: 77-98137

Armor Series

For iPad 10th generation and A16

- Unmatched 6-foot drop protection: OtterBox cases with built in screen protection exceeds military drop-test standards*, setting the benchmark for durability
- Waterproof for the most demanding environments: iP68 rated ensuring your device stays safe and operational even in water-prone conditions
- **Built-in screen protection with glass retention:** Seamless defense against scratches and drops while preserving screen clarity and responsiveness
- Versatile Mounting: AMPS-compatible threaded inserts ensure a secure integration with a wide range of mounts
- Easy to disinfect: Meticulously designed to be compatible with most commonly used disinfecting chemicals
- **Boost efficiency with adjustable straps:** device stays secure, within reach, and safe from drops
- Streamline asset management: Equipped with an asset tag window for hassle-free identification

MSRP: \$149.95 (Subject to change)

*MIL-STD-810H, Procedure IV-transit drop
