

# Surface + The Joy Factory for Healthcare

Deployed Epic Welcome kiosk software package for [RWJ Barnabas](#) on Surface Go. They needed a case and card reader housing for patient check-in and co-payments. They wanted an enclosure with modular card reader housing for the Surface Go 2. The enclosure was also customized using their company colors and silkscreen of their logo. This became a 5-year project with the initial 1700 pieces delivered in 2021.
