# ThinkSmart Bar

TAKE COLLABORATION  
CONFERENCING TO THE NEXT LEVEL WITH  
THIS ENTERPRISE-GRADE SOUND BAR

More effective communication results in more effective solutions. When paired with a compute, such as ThinkSmart Hub or ThinkSmart Edition Tiny, or when used alone as a standard plug-and-play device, the new ThinkSmart Bar transforms collaboration rooms into more productive spaces where ideas can be fully expressed and explored.

## LISTEN UP

ThinkSmart Bar delivers sound quality that achieves lifelike clarity through its combination of stereo speakers, four built-in mics with 180-degree wide-angle coverage, and integrated DSP noise cancellation.

## SCALE UP

From huddle rooms to boardrooms to home offices, ThinkSmart Bar has the speaker and mic range of 8.5m to accommodate a wide range of room sizes. Two additional satellite mics with 6m cable are available with purchase of X-Large room solution.

## SET UP

Due to its lightweight form factor, ThinkSmart Bar can be set up as a standalone device or mounted to a wall or TV. Manageability is just as easy—simply activate and manage ThinkSmart Bar as a plug-and-play device using the ThinkSmart Manager console.<sup>2</sup> Users can also download a configuration app when ThinkSmart Bar is not connected to a ThinkSmart compute with ThinkSmart Manager.<sup>2</sup>
