Our Keyboard Case is on the Job.

Anyone who needs the flexibility of a tablet and the efficiency of a keyboard can use these cases to transform their device into a versatile workstation.

Who needs a Keyboard Case?

Business and Education Professionals

like teachers, IT professionals, and office workers:

- Enjoy comfortable, seamless typing and efficient notetaking during lectures, meetings, or conferences with the Bluetooth keyboard.

Service and Support Professionals

like healthcare workers, social workers, and point-of-sale workers:

- Utilize the lightweight portability and protective features to swiftly assist customers, clients, and patients. Move effortlessly between locations while ensuring access to essential tools.

Creative Professionals

like graphic artists, video editors, and interior designers:

- Adjust the stand to achieve the ideal viewing angle for sketching, editing, or design work, allowing you to work seamlessly wherever inspiration strikes. Keep your tools and programs easily accessible with the magnetic holder for the Apple Pencil (not included).
