

# Work from anywhere with comfort and reliability

Meet the new accessories certified for Microsoft Teams

## Stay focused and clear while meeting from anywhere

Accessories certified for Microsoft Teams deliver high-quality audio, connectivity, mobility, and comfort

### Microsoft Surface Headphones 2+

The smarter way to connect

- Empower your team with immersive, high-quality calls and intuitive touch controls and experiences that bring Microsoft Teams\* front and center.<sup>1</sup>
- Listen and be heard with crystal-clear sound, immerse yourself in your music, or tune out distractions for ultimate focus with 13 levels of active noise cancellation.
- Power through a full day of meetings in comfort and control with up to 15 hours of voice calling time.<sup>2</sup>
- Amplify your productivity with the power of voice in Microsoft 365 apps.\*<sup>3</sup>

### Microsoft Modern USB-C Speaker

Your workday audio companion for better calls and music

- Add high-quality audio to your laptop space for better Microsoft Teams\* meetings, clear, reliable calls, and great sound for music.
- Stay clear and focused in meetings thanks to intuitive controls, an omni-directional, background noise-reducing microphone, and voice-optimized speaker.
- Take advantage of premium, compact, plug-and-play design to turn any space into a meeting room.

### Microsoft Modern Wireless Headset

High-quality wireless audio for Microsoft Teams\* calls and more

- Connects seamlessly—and wirelessly—to your Surface or other Windows 10 PC\* while delivering extra mobility and intuitive, on-ear controls.
- Make calls and productivity comfortable and reliable, with great audio quality—all at an exceptional value.
- Enjoy up to 50 hours of music listening time<sup>4</sup> or up to 30 hours of voice calling on Microsoft Teams.<sup>5</sup>

### Microsoft Modern Webcam

High-quality video conferencing for Microsoft Teams

- Take face-to-face calls and Microsoft Teams\* meetings to the next level with an HD camera that adds reliable, high-quality video to your workspace.
- Look your best with HDR and True Look that deliver facial retouch and fixed light adjustment—or go dark with an integrated privacy shutter.
- Secure to your monitor, laptop, desk, or tripod\* with a versatile, easy-to-mount system that delivers an expansive 78° field of view.

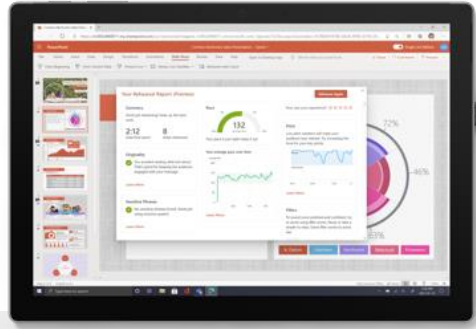

### Microsoft Modern USB Headset

High-quality audio for Microsoft Teams\* calls and more

- Connect fast and stay focused thanks to high-quality audio and voice, noise-reducing microphone, and intuitive call controls.
- Join Microsoft Teams\* meetings at the touch of a button, plus enjoy easy setup and management, and seamless integration with Surface computers and other Windows 10 PCs.\*
- Made for all-day wear and focus with comfortable, lightweight, padded earcups, a background noise-reducing microphone, and high-quality stereo speakers optimized for voice.

\* Software license required for some features. Sold separately.

<sup>1</sup> Microsoft Surface Headphones 2+ require use of the included Microsoft Surface USB Link to achieve Microsoft Teams certification, only available on Windows and macOS.

<sup>2</sup> Microsoft Surface Headphones 2+: Voice calling testing conducted by Microsoft in Feb 2021 using prerelease Surface Headphones + Dongle package with prerelease software. The dongle was plugged into Surface Laptop 3 and/or Surface Pro 7. Volume was set to 52% with maximum noise cancellation. Bluetooth Hands-Free profile was used. Testing consisted of full Surface Headphones battery discharge with a Microsoft Teams call until the Surface Headphones disconnected from the host device. Battery life depends on device settings, environment, usage, and many other factors.

<sup>3</sup> [Find out more](#) about Microsoft Surface Headphones 2+ voice interactions with Microsoft 365 apps. Voice controls vary by operating system.

<sup>4</sup> Microsoft Modern Wireless Headset: Music: Testing conducted by Microsoft on March 2021 using Microsoft Modern Wireless Headset with firmware update 1.37.129 paired with Surface Pro 3. Playlist consisted of 44 songs transmitted using SBC encoding. Volume was set to 50%. Bluetooth A2DP profile was used. Testing consisted of full Microsoft Modern Wireless Headset battery discharge while playing audio until the Microsoft Modern Wireless Headset disconnected from the host device. Battery life depends on device settings, environment, usage, and many other factors.

<sup>5</sup> Microsoft Modern Wireless Headset: Voice: Testing conducted by Microsoft on March 2021 using Microsoft Modern Wireless Headset at peak power consumption (mA) conditions on a Microsoft Teams call. These conditions for Microsoft Modern Wireless Headset are when 100% of usage is muted, and both the red and white LEDs are lit at the same time.

<sup>6</sup> Microsoft Surface Headphones 2+: Music listening testing conducted by Microsoft in Feb 2021 using prerelease Surface Headphones + Dongle package with prerelease software. The dongle was plugged into Surface Laptop 3 and/or Surface Pro 7. Playlist consisted of 44 songs transmitted using SBC encoding. Volume was set to 46% with maximum noise cancellation. Bluetooth A2DP profile was used. Testing consisted of full Surface Headphones battery discharge while playing audio until the Surface Headphones disconnected from the host device. Battery life depends on device settings, environment, usage, and many other factors.

<sup>7</sup> Microsoft Surface Headphones 2+: USB-A to USB-C® adapter should work for a C-capable source. Performance varies based on the quality of the adapter and the cable length.

<sup>8</sup> Microsoft Surface Headphones 2+: AptX™ only works with Microsoft Surface Headphones 2+ when not using Microsoft Surface USB Link.

<sup>9</sup> Microsoft's Limited Warranty is in addition to your consumer law rights.
