

Surface Laptop Go 2 for Education

Sleek and light for teaching
and learning anywhere

Deploy, manage, and secure from anywhere

Surface Laptop Go 2 is a secured-core PC made to elevate the benefits of Windows 11 security, providing additional hardware and software protection.

- Convenient security using Fingerprint Power Button¹ with Windows Hello for password-free sign-in
- Removable hard drive for better control of sensitive student or school data²
- Cloud-first design so that you can manage remotely with Microsoft Endpoint Manager³

Serviceability and sustainability

Designed with sustainability in mind, Surface Laptop Go 2 features post-consumer recycled content, removable SSD,² and increased serviceability compared to Surface Laptop Go.⁴

- Removable SSD,¹ display, battery,⁵ keyboard, and more for authorized repairs⁴ to extend lifespan
- 52% more energy efficient than ENERGY STAR computer specification requirements
- Polycarbonate composite resin base with glass fiber and 30% post-consumer recycled content

Performance and flexibility for education

Balancing performance and portability, Surface Laptop Go 2 meets the everyday demands of education with a light, sleek design and long-lasting battery life to cover the whole school day.⁶

- 11th Gen Intel Core Processor for running Microsoft 365 apps and Windows 11 smoothly³
- Clarity in virtual classes with an HD camera, dual Studio Mics, and Omnisonic® Speakers
- 12.4" PixelSense touchscreen display with 3:2 aspect ratio for more vertical screen real estate⁷

¹ Fingerprint Power Button on select models.

² This device does not contain user-serviceable parts. Hard drive is only removable by an authorized technician following Microsoft-provided instructions.

³ Requires license or subscription to activate and use.

⁴ Customer Replaceable Units (CRUs) are components available for purchase through your Surface Commercial Authorized Device Reseller. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans.

⁵ Field Replaceable Units (FRUs) are components replaceable by Microsoft or a Microsoft Authorized Service Provider.

⁶ Battery life varies significantly based on device configuration, usage, network and feature configuration, signal strength, settings and other factors. See aka.ms/SurfaceBatteryPerformance for details.

⁷ Comparison of productivity apps and web browsing on Surface Laptop Go 2 3:2 screen ratio v. 16:10 screen ratio available on comparable devices.

⁸ System software and updates use significant storage space. Available storage is subject to change based on system software and updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See Surface Storage for more details.

⁹ Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See <https://aka.ms/m365businesstrialinfo>.

¹⁰ Available colors may vary by market.

¹¹ Microsoft's Limited Warranty is in addition to your consumer law rights.
