

Navigate a new retail environment

Now more than ever, there's increased demand for personalized customer experiences, contactless shopping and self-checkout options, as well as an emphasis on last-mile delivery. Give your employees devices that enable diverse customer interactions, promote mobility, and provide easy access to the applications they need to deliver great customer service.

Give retail operators and frontline workers access to the best technology possible

Stay connected on the retail floor with Microsoft Surface devices.

- 2-in-1 Surface devices function as a tablet or laptop for on-the-go workers
- Users interact naturally with a touchscreen, Type Cover keyboard and Surface Pen* when they record orders, take notes and more
- At just 1.2 lbs and 0.33 inches, the lightweight design of Surface Go 2 makes it easy-to-carry for retail workers
- Accessories are available like ruggedized cases, ergonomic accessories, and a variety of mouse options

Surface Go 2 has standard Wi-Fi with optional fast 4G LTE**

Secure, zero-touch deployment

Ship Surface devices directly to your employees deployed through Windows Autopilot and managed through Microsoft Endpoint Manager*, while still accommodating your unique company IT requirements. Be assured Surface devices will be delivered to employees with the personalized applications policies and settings required to keep your business running smoothly.

Face the future confidently

Investing in reliable devices for your retail operators and frontline workers today can benefit them—and your business—tomorrow. Surface products are secure, adaptable, and designed for whatever comes next.

- Keep devices secure with regular updates via Microsoft Endpoint Manager*
- Restrict access to only the apps and features your business needs
