

# Modern devices for law firms

With accelerated digital transformation, empower legal professionals with a device portfolio that enables new AI experiences and secure productivity from anywhere.

Today's workplace requires modern and secure devices that enable new AI experiences and work seamlessly with modern communications and collaboration tools to empower legal professionals and staff to be more productive and connect with colleagues and clients from anywhere.

**Microsoft Surface for Business offers a versatile device portfolio with industry-leading security to empower legal professionals to work from anywhere while transforming core processes to better serve clients.**

Light, versatile, powerful, and AI ready, Surface devices deliver a premium experience that fits the needs of all legal personas, from attorneys and partners to office managers, paralegals, and back-office staff.

"Consistency and reliability are essential for our people's productivity, and we like that Surface Pro 7 devices behave the same whether in the office, at home, or at a client site. We've transformed our workplace with Surface Pro 7 because we know our staff have what they need to work, wherever they are."

Andrew Powell, Chief Information Officer,

Surface devices with Windows 11 and Microsoft 365 help legal firms enable a modern workplace while mitigating risk with:

## Productivity, collaboration, AI

Experience the best of Microsoft—Microsoft 365, Dynamics 365, Azure, Windows 11, and Microsoft Copilot<sup>1</sup>—on a Surface device. Surface + Microsoft Teams enable crystal clear meetings with high-end cameras, optimized microphones, and quality speakers. Enhance collaboration with AI-capabilities on Surface AI PCs and Copilot+ PCs.<sup>2</sup>

## Cloud-managed devices

Enable work from anywhere while keeping control with zero-touch deployment and seamless device management. Employees just unbox and log in. Surface + Microsoft 365 gives employees the freedom to work their way and protection by the best modern security and manageability platform from Microsoft.

## Chip-to-cloud security

Security is built into every layer, from the supply chain to the firmware to the operating system, helping to keep data safer than ever. Surface powered by Microsoft 365 helps improve enterprise security. Secured-core PCs, available on select Surface devices, are designed to elevate the benefits of Windows 11 security.

## Partners and Attorneys

### Challenges

- Increasing hybrid work expectations require new digital requirements for client interactions and legal proceedings
- Managing multiple cases and keeping teams in sync
- Coordinating with both internal and external experts to determine the best strategy for clients' legal matters
- Documenting and storing sensitive information securely

### Deliver quality legal services for clients with Surface Laptop 6

- Premium design projects firm's professional image
- 13.5" or 15" PixelSense™ anti-reflective touchscreen displays
- Responsive, backlit keys for typing accuracy
- Powerful Intel® Core™ Ultra processors to unleash a new era of productivity with intelligent assistance from Microsoft Copilot<sup>1</sup>
- AI-enhanced 1080p Studio Camera with Windows Studio Effects to see and hear colleagues and clients clearly on video calls
- The ultimate desktop experience with Windows 11 and USB-C® and Thunderbolt™ 4 ports
- New Copilot Key<sup>4</sup> on the Surface keyboard
- Smart card reader offered on 15" in US & Canada only
- A Secured-core PC to elevate Windows 11 security benefits

## Office Managers

### Challenges

- Overseeing day-to-day firm operations
- Managing increasing employee expectations

### Help modernize office services with Surface Laptop Go 3

- Portable design, durable finish, and all-day battery life<sup>3</sup> makes it easy to carry and use around the office and at home
- Powerful processors run legal software and intensive reports
- 12.4" PixelSense™ high-resolution touchscreen and full-size keyboard to create and view office plans
- HD camera, optimized microphones, and quality speakers to look and sound clear on video calls
- USB-C and USB-A ports for connecting to device peripherals
- A Secured-core PC to elevate Windows 11 security benefits

## Paralegals

### Challenges

- Keeping up with a wide variety of tasks including interviewing clients, performing research, and drafting legal documents
- Coordinating case execution with attorneys and clients
- Staying productive when away from the office or at home
- Documenting and storing sensitive information securely

### Support attorneys and clients with Surface Pro 10

- Lightweight, ultra-thin 2-in-1 device with all-day battery<sup>3</sup> adapts to where and how paralegals work
- Intel® Core™ Ultra processors with Intel® AI Boost NPU to run financial software, AI experiences, and Windows Studio effects
- 13" PixelSense™ anti-reflective touchscreen designed for Surface pen\* is great for digital notetaking and e-signatures
- High quality audio and video for more effective video calls
- Rear-facing camera to capture and share photos of evidence
- The ultimate desktop experience with Thunderbolt™ 4 or USB-C® ports and Windows 11
- New Copilot Key<sup>4</sup> on Surface Pro (and Pro Flex\*) Keyboard
- Built-in NFC card reader or Windows Hello for secure sign-in
- A Secured-core PC to elevate Windows 11 security benefits

## Teams using conference rooms

### Challenges

- Connecting with colleagues in a hybrid work environment
- Enabling virtual collaboration across multi-functional teams, external partners, and clients
- Communicating case strategy and status with virtual clients

### Empower team collaboration in hybrid world with Surface Hub 3

- Join a Microsoft Teams meeting with one touch
- Microsoft Teams-certified meetings platform + high-end cameras, optimized microphones, and quality speakers enables effective hybrid (in-person + remote) meetings
- Large, 4K screen to share case updates with clients
- 85" for large-room solution, 50" for smaller spaces
- Pen, inking, and whiteboard capabilities to plan case strategy
- Wall-mounted or lightweight and mobile (with stand + battery\*) to make any space a teamwork space

\* Sold separately.

<sup>1</sup> Microsoft Copilot for Microsoft 365 requires a qualifying volume license or subscription. See more [Microsoft Copilot for Microsoft 365 | Microsoft 365](#). Copilot in Windows (in preview) is available in select global markets and will be rolled out to additional markets over time. Copilot with commercial data protection is available at no additional cost for users with an Entra ID enabled, eligible M365 license. [Your AI-powered chat for the Web with commercial data protection | Microsoft Copilot](#)

<sup>2</sup> Surface AI PCs include Surface Pro 10, Surface Laptop 6, Surface Pro 9 with 5G, Surface Studio Laptop 2. Surface Copilot+ PCs include Surface Pro and Surface Laptop.

<sup>3</sup> Battery life varies significantly based on usage, network and feature configuration, signal strength, settings and other factors. See [aka.ms/SurfaceBatteryPerformance](#) for details.

<sup>4</sup> Feature availability varies by market, see [aka.ms/WindowsAIFeatures](#). When Copilot for Windows is not available or enabled on the device, pressing the Copilot key will launch Windows Search.
