Modern devices for nonprofits

With accelerated digital transformation, empower your staff with a device portfolio that enables new AI experiences and secure productivity from anywhere.

Today's workplace requires modern and secure devices that enable new AI experiences and work seamlessly with modern communications and collaboration tools to empower staff to be more productive and connect with colleagues, volunteers, and donors from anywhere.

Microsoft Surface for Business offers a versatile device portfolio with industry-leading security to empower nonprofit staff and volunteers to deliver effective programs and accelerate mission outcomes.

Light, versatile, powerful, and AI ready, Surface devices deliver a premium experience that fits the needs of personas across nonprofits, from Volunteer coordinators and volunteers to program fund managers, directors, and back-office staff.

> "With Microsoft Surface, we're providing a highly capable device, reducing down time and decreasing provisioning time with Microsoft Intune and Autopilot. Now Make-A-Wish staff and volunteers can better focus on their passion to serve wish kids across the country."
>
> Travis Gibson, CISM: Senior Director of Infrastructure, Security, and Operations, Make-A-Wish America

Surface devices with Windows 11 and Microsoft 365 work together to enable a modern workplace while mitigating risk with:

Productivity, collaboration, AI

Experience the best of Microsoft— Microsoft 365, Dynamics 365, Azure, Windows 11, and Microsoft Copilot[1]— on a Surface device. Surface + Microsoft Teams enable crystal clear meetings with high-end cameras, optimized microphones, and quality speakers. Enhance collaboration with AI-capabilities on Surface AI PCs and Copilot+ PCs.[2]

Cloud-managed devices

Enable work from anywhere while keeping control with zero-touch deployment and seamless device management. Dispersed staff just unbox and log in. Surface + Microsoft 365 gives them the freedom to work their way and protection by the best modern security and manageability platform from Microsoft.

Chip-to-cloud security

Security is built into every layer, from the supply chain to the firmware to the operating system, helping to keep data safer than ever. Surface powered by Microsoft 365 helps improve enterprise security. Secured-core PCs, available on select Surface devices, are designed to elevate the benefits of Windows 11 security.

🎥 Volunteer coordinators

Challenges
- Communicating the mission clearly with local volunteers
- Documenting events while working remotely
- Staying connected to email, meetings, and colleagues
- Servicing the changing needs of constituents and volunteers in a hybrid world

Empower coordinators to drive the mission with Surface Go 4
- The smallest and lightest Surface 2-in-1, durable cases,* and extended battery life[3] makes it easy to use at events
- Premium design projects nonprofit's professional image
- Faster processor speed (than previous Surface Go) to run business-critical software and productivity apps
- 10.5" PixelSense™ high-resolution touchscreen to present mission images and videos clearly to volunteers and donors
- Surface Pen* for e-signatures (go paperless)
- Quality speakers, mics, and cameras for video calls to educate volunteers on the mission
- A Secured-core PC to elevate Windows 11 security benefits

👤 Directors

Challenges
- Overseeing the health of the nonprofit and staff well-being
- Providing leadership across multi-functional teams
- Collaborating on mission strategy and development plans
- Being a positive reflection of the organization's brand

Focus on leadership and mission growth with Surface Laptop 6
- Sleek and portable design is ideal for hybrid work
- 13.5" or 15" PixelSense™ anti-reflective touchscreen displays
- Powerful Intel® Core™ Ultra processors to unleash a new era of productivity with intelligent assistance from Microsoft Copilot[1]
- AI-enhanced 1080p Studio Camera with Windows Studio Effects for effective hybrid meetings and virtual team collaboration
- The ultimate desktop experience with Windows 11 and USB-C® and Thunderbolt™ 4 ports
- New Copilot Key[4] on the Surface keyboard
- A Secured-core PC to elevate Windows 11 security benefits

🤝 Fundraising Manager

Challenges
- Staying connected while traveling to meet with donors
- Communicating the mission clearly to prospective donors whether onsite or virtually
- Collaborating with colleagues and directors on campaigns and donor agreements while on the go

Help ensure successful fundraising campaigns with Surface Pro 10
- Lightweight, ultra-thin 2-in-1 device with all-day battery[3] adapts to where and how managers work
- Intel® Core™ Ultra processors with Intel® AI Boost NPU to run business apps, AI experiences, and Windows Studio effects
- High quality audio and video for donor calls and training
- 13" PixelSense™ anti-reflective touchscreen designed for Surface pen*, great for digital notetaking and e-signatures
- Rear-facing camera to capture and share photos of effective promotional displays and donor appreciation photo ops
- The ultimate desktop experience with Thunderbolt™ 4 or USB-C® ports and Windows 11
- New Copilot Key[4] on Surface Pro (and Pro Flex*) Keyboard
- Built-in NFC card reader or Windows Hello for secure sign-in
- A Secured-core PC to elevate Windows 11 security benefits

👥 Marketing teams

Challenges
- Connecting with colleagues in a hybrid work environment
- Enabling collaboration across multi-functional teams
- Communicating new fundraising campaigns to managers and donors

Empower team collaboration with Surface Hub 3
- Microsoft Teams-certified meetings platform + high-end cameras, optimized microphones, and quality speakers enables effective hybrid (in-person + remote) meetings
- Pen, inking, and whiteboard capabilities to ideate new plans
- Large, 4K screen to share presentations with stakeholders
- 85" for large-room solution, 50" for smaller spaces
- Wall-mounted or lightweight and mobile (with stand + battery*) to make any space a teamwork space
