Switching to Webex Cloud

Webex Cloud provides the complete collaboration experience

At the beginning of 2020 could anyone have predicted the changes it would bring?

Webex Cloud provides a single platform built for you, so you can manage adoption, subscriptions and costs through one application.
A platform built around flexibility:

- ✔ Flexibility of **use**
- ✔ Flexibility of **expansion**
- ✔ Flexibility of **technology**

Give your users the features they need

Webex Cloud gives you the ability to deal with rapid change and support teams with a complete cloud-based collaboration experience, including new user-friendly features:

- Single client for Call, Meet and Message
- Advanced meeting experience: setup, join and participate
- Advanced video room devices and headsets
- Automated meeting follow up and Assistant for notes

- Work from home or any shared space
- Manage and find meeting rooms and huddle spaces
- Hide home life with virtual backgrounds
- Advanced customer management applications

And get more flexibility for your business

Webex Cloud is your solution to change. The Webex portfolio includes Calling, Messaging, Meeting, Rooms and Contact Center, giving your business:

- Single Platform and management application for all collaboration
- Control cost and manage risk with flexible licensing
- Deploy users to work at any location

- Analytics-based collaboration investment
- Focus support on management not building the platform
- Open platform built on API and Bots for automation

Are you ready to switch to Webex Cloud?

Manage adoption, subscription and your own costs through one easy application with Cisco Webex Cloud.
