

Keep teaching. TeamViewer ONE handles the tech.

Fewer disruptions. Faster support. Education IT that just works.

1

The disruption

Slow devices.
Login issues.
Unexpected errors.

**Class time is lost.
Focus is broken.**

2

Instant support

Secure remote access,
instantly.

**Issues are resolved
without interrupting
the flow of teaching.**

3

Smarter AI resolution

Resolve root causes,
not symptoms.

**Faster, AI-driven
diagnosis. Fewer
repeat issues.**

4

Learning from every issue

Every fix is captured,
analyzed, and reused.

**Agent identifies
patterns
across devices.**

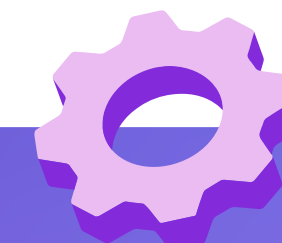

5

AI-driven prevention

Recurring issues are
resolved before they
impact teaching.

**AI-driven automations
eliminate friction
at the source.**

6

The outcome

More time teaching.
Less time waiting.

**Education IT that
just works.**

What you experience

Less disruption during lesson

Faster resolution when issues occur

Consistently reliable classroom technology
