

VR - HELPING YOU ADAPT

HP is dedicated to providing our customers with market-leading business solutions that help you stay innovative, productive and support your well-being. HP has always placed a focus on forging connection through the use of technology. And in the days, weeks, and months ahead, meaningful connections will continue to be formed through the power of HP technology. Virtual reality is a powerful tool that can help you collaborate, create and learn.

BUSINESS MATTERS:

HP IS HERE TO HELP

We recognize you have heightened technology needs during this challenging time and we are committed to doing everything we can as a company to support our partners, customers and communities. Visit our [global support website](#) for assistance; our [24/7 Virtual Agent](#) is updated regularly with the latest information.

Refer to our [cleaning guide for PC & Print Devices](#) for best practices. You can also disinfect your HP Reverb VR Headset with germicidal wipes. For additional information on HP's response, please refer to the [Customer & Partner Guide](#). Through our VR technology, HP can help you keep learning, keep working, keep going.

RECOMMENDED VR HARDWARE

HP ZBOOK CREATE G7

Windows 10 Pro 64¹
Intel® Core™ i9²
NVIDIA® GeForce RTX™ 2080 SUPER™³
32 GB DDR4 Memory
512 GB PCIe® SSD M.2 SED Storage⁴
HP 3/3/3 Warranty
>> [LEARN MORE](#)

HP Z1 ENTRY TOWER G6

Windows 10 Pro 64¹
Intel® Core™ i9²
NVIDIA® GeForce RTX 2080 SUPER™³
16GB (2 x 8GB) DDR4 2666 DIMM RAM
512 GB M.2 2280 PCIe NVMe SSD Storage
HP 3/3/3 Warranty
>> [LEARN MORE](#)

HP REVERB VR HEADSET G2 PRO EDITION

2160 x 2160 LCD panel resolution per eye
114-degree field of view
90Hz refresh rate*

Featuring Valve-designed speakers, 4 cameras, and ergonomic design

>> [Learn more at hp.com/go/reverbpro](http://hp.com/go/reverbpro)

*To enable full 90Hz performance, a DisplayPort™ 1.3 or later connection is required with the graphics solution provided by the PC.

HP RECOMMENDED VR TOOLS* TO COLLABORATE, CREATE & LEARN

GLUE

for collaboration

Glue is a virtual extension of your workplace; a space where dispersed, high-performance teams come together to learn, share, plan and create.

Universal Collaboration Platform
Meet in VR or join via PC
Learn more: glue.work

VISIONxR™

for product development & collaboration

VISIONxR™ extends your workspace to connect teams from distributed locations to collaborate, learn, and enhance high-value productivity.

Team Collaboration Platform
Work in VR, connect using PC or mobile
Learn more: futurevisual.com

ENGAGE

for training & education

ENGAGE is an advanced virtual reality training and education platform that makes it easy to collaborate, create and learn in VR. Perfect for educators, trainers and corporate teams.

Education & Corporate Training
Media Streaming
Learn more: engagevr.io

VULCAN

for education

VULCAN revolutionizes the results of virtual training by providing insight to a trainees' skills and control of exercises. Acts as a virtual assistant to analyze class in real-time.

Vocational Skills Training
Cloud-based Management System
Learn more: mimbus.com

SKYREAL

for collaborative engineering

SkyReal is a collaborative VR solution developed for engineering teams, enabling users to turn CAD files into VR projects to speed up your product development cycles.

VR Prototyping & Review
Supported by Unreal Engine
Learn more: sky-real.com

GRAVITY SKETCH

for product development

Gravity Sketch is a design platform for teams that create, collaborate, and review in 3D. Express ideas in real-time using an extensive array of tools for creative exploration.

3D Design in VR
Supports WMR, HTC Vive & more
Learn more: gravitysketch.com

THEIA INTERACTIVE

for AEC and product development

Using native files and working in game engines, Theia transforms original data into real-life representations, from buildings to products. All in VR. All in real-time.

Storytelling & Visualizations
Optim Plugin for Unreal Engine
Learn more: theia.io

VICTORY XR

for education

Deliver interactive learning experiences both in and out of the classroom for middle school, high school, and home-school students with Victory XR.

XR Curriculums & Learning Adventures
Apps for AR/VR
Learn more: victoryxr.com

DISCLAIMERS: *Third party software sold separately and is not supported by HP. (1) Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>. (2) Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance. (4) Actual formatted capacity is less. Portion of internal storage is reserved for pre-loaded content and system recovery software. For storage drives, TB = 1 trillion bytes.
