VIEWSONIC® LARGE FORMAT PRESENTATION
DISPLAY SOLUTIONS

COLLABORATIVE WORKSPACES

ViewSonic® Large Format Presentation Displays help to deliver faster and more efficient meetings.

With stunning 4K Ultra HD resolution, high brightness, wide viewing angles, and dual speakers, ViewSonic® Large Format Presentation Displays* help create faster and more efficient meetings in any conference room, boardroom, or huddle space.

And with ViewBoard® Cast content sharing software, employees can easily stream wireless content from their devices directly to the display.

Whether your employees are in a meeting, a different office, or across the globe, enjoy collaborative productivity with ViewSonic Large Format Presentation Displays.

PRODUCTIVITY STARTS HERE

ViewSonic Large Format Presentation Displays are packed with features that are sure to transform any meeting space into a dynamic communications hub. Experience easy installation, seamless content casting, remote management and so much more with this powerful, all-in-one signage solution.

ViewSonic Workplace: Supports wireless cloud service access and PC control. Works with cloud-based apps for Android® such as Zoom Room™, Microsoft Teams®, and Microsoft 365® and other compatible productivity apps.

Easy Content Sharing: ViewBoard® Cast content sharing software enables content streaming from multiple mobile devices to the display over wireless or cable networks.

Cross-platform streaming: Enjoy wireless screen sharing and presentations across multiple device platforms.

All-in-one solution: Embedded SoC signage platform with integrated USB and HTML5 browser enables local or remote multimedia playback in stunning 4K Ultra HD resolution.

Simple Remote Management: Experience simple remote management with Crestron®, Extron, AMX, or other ProAV control systems.

VIEWSONIC VIRTUAL WORKPLACE

ViewSonic Virtual workplace enables users to create a new hypermodern, secure, connected workplace. Users can enjoy remote access to PCs, enhanced wireless connectivity, and access to web-based cloud services.

Save Time and Money

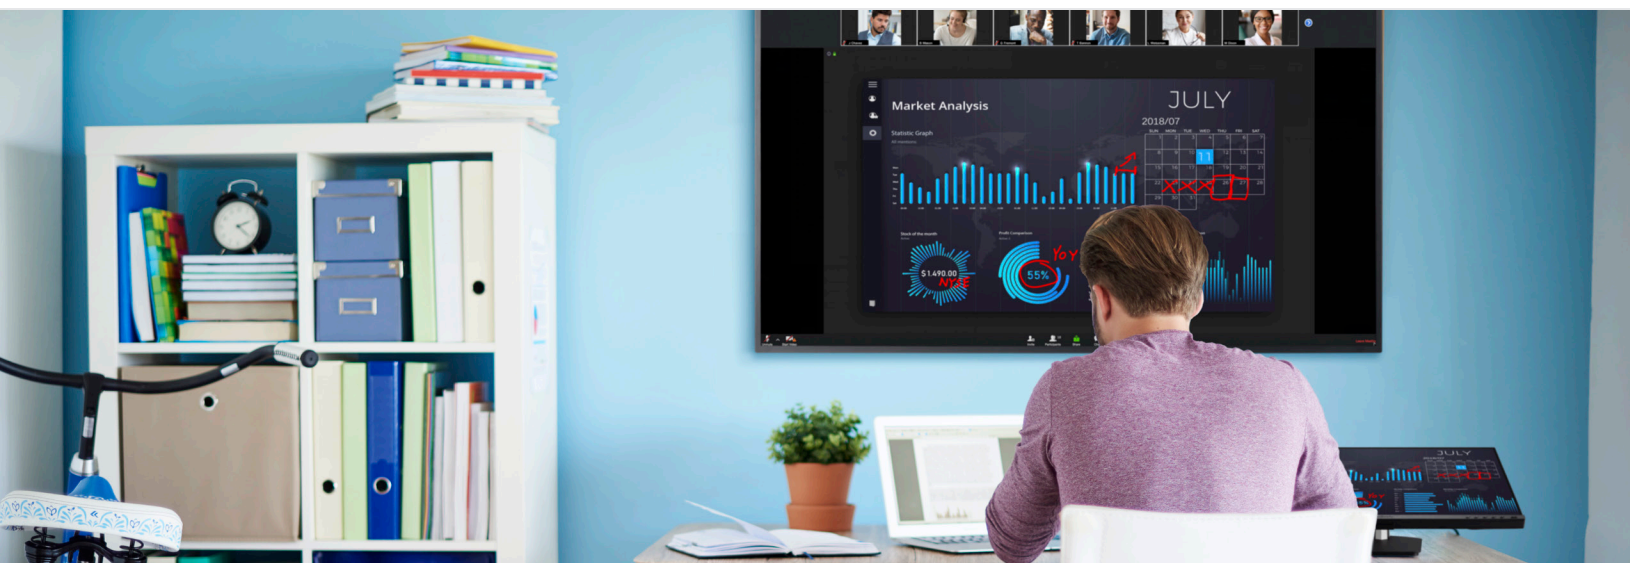

No more having to rely on error-prone public meeting room PCs. ViewSonic Virtual Workplace saves on the cost of installation and maintenance and eliminates connectivity issues.

Productivity and Collaboration

Securely cast to your display and start working seamlessly with documents in the cloud without having to worry about PC issues delaying your meeting.

Superior Security

All displays are secured with 42gears SureMDM software and can be remotely monitored, tracked, grouped, or wiped.**
