

WHY CHOOSE ACER® MONITORS?

“As much as we wish for a single monitor that can do it all, that reality remains somewhat elusive. . . . But there are many users who yearn for a good everyday monitor that can take care of work and still be competitive during after-hours frag fests. The Acer BE270U may be one of the most versatile displays we’ve seen yet.”

-Tom’s Hardware, March 19, 2017

Quality & Reliability	Choice of sizes & resolutions	Productivity & user comfort	Connectivity for present & future use	Environmentally friendly	Feature-rich designs
<p>Acer monitors have a super-low failure rate of just 0.1% and come with a three-year limited warranty.* Optional warranty extensions of up to three years are also available.</p>	<p>Basic or top-of-the-line, for small business or enterprise use, education or healthcare environment? Acer has the right model for all, 17” up to 49” sizes and in resolutions from FHD to immersive 4K UHD.</p>	<p>The Acer monitor line includes models that tilt, swivel, pivot, are height-adjustable and can be mounted on a wall. The monitors adapt to users’ needs so they can work comfortably and, thus, be more productive.</p>	<p>The interfaces on Acer displays can support your older systems as well as new devices as you grow your business and upgrade to new technology.</p>	<p>All Acer B and V Series monitors are EPEAT® Gold registered. To be registered, a product must meet strict environmental criteria. Gold registration, the highest, means that all required criteria are met plus at least 75% of optional requirements.</p>	<p>Choose a touchscreen or an Acer model with an ultra-thin bezel for a multi-LCD arrangement. Other features offered include IPS (in-plane switching), super-fast response times and curved displays for an immersive visual experience.</p>
