Confidential attendee list	8.6	8.1	8.2

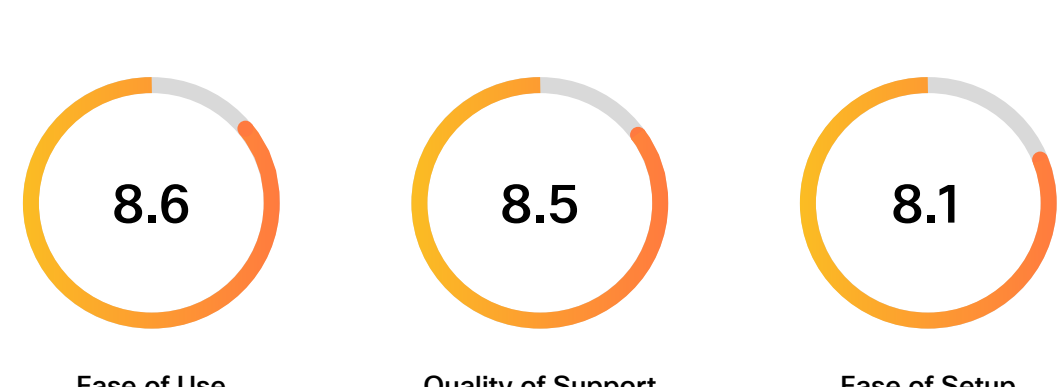

*"Keeping people safe is Webex's top priority. Organizations concerned about their data security can rest easy knowing that they've found the perfect solution."*

-Verified User, Small Business

## Make it easy breezy

While the old Webex may have had a reputation for being clunky and complex, times have changed. The new Webex is simple to use, but powerful—and you can get up and running in minutes.

### Webex Meetings user ratings

*"The simplicity of Webex is what makes the app extremely awesome!"*

-Consultant at Internet Company

*"It is must-buy software for small to mid-sized businesses looking for enhanced employee communication."*

-Verified User, Mid-Market Company
