

VEGAS

Your Story. In Frames.

Introducing VEGAS for Business

Video is the most effective way for businesses to communicate with their customers and employees.

With VEGAS, you have all the tools you need for video editing, capture, streaming, image editing, motion graphics, and more.

It supports creative workflows and makes complex editing tasks simple. Implement communication strategies including: videos for marketing, storytelling, tutorials and customer support.

VEGAS complements Microsoft 365 applications like Teams, Excel, and Stream in many useful ways.

- Capture individual video outputs from a Teams call
- Engage with your audience with polling and quizzes
- Generate graphics, titles, and lower thirds with Excel
- Broadcast your event securely to Microsoft Stream

Video editing for everyone

Powerful but intuitive editing for content creators. Easily produce YouTube videos, tutorials or product reviews and share with your audience.

- Edit video and audio with intuitive and powerful tools.
- Create engaging content with the latest effects, filters, transitions and animated titles.
- Upload your final edit to YouTube and Vimeo - directly from your project.

Exclusively in 365 subscription:

- Access royalty-free stock content
- Mobile to timeline
