

# HEALTHCARE SOLUTIONS

## Tech That Keeps Healthcare Running

Advancements in portable technology have made healthcare more mobile than ever.

Doctors, nurses, and healthcare workers can access treatment records, record information, and track patient progress on their phones and tablets as they move from room to room.

### How ZAGG Keeps Critical Devices Powered & Protected

In hospitals and clinics, every second matters. Healthcare professionals rely on their mobile devices to access patient records, communicate with colleagues, and make critical decisions. ZAGG ensures these devices are always ready—powered, protected, and performing at their best.

ZAGG Rugged Book

### SOLUTIONS FOR HEALTHCARE

The Challenge	The ZAGG Solution
Battery reliability	<b>Always Charged:</b> Portable charging solutions keep devices powered during rounds.
Screen/devices are vulnerable to drops, spills, and frequent cleaning	<b>Protected Devices:</b> Rugged cases, bumpers, and screen protectors guard against drops, spills, and daily wear.
Hands-free accessibility	<b>Enhanced Productivity:</b> Keyboards, kickstand, and hand strap accessories make using mobile devices convenient.
Infection control	<b>Hygienic Design:</b> Products tested with CaviWipes, and PDI Purple, Orange, and Red Top cleaners.

**Use Cases:**

- **Uninterrupted critical communications** - Keep phones protected/powered during long shifts
- **Eliminate operational delays**- reduce device downtime
- **Infection control compliance** - Sanitize quickly for infection control prevention

**Juice Pack - protective charging case**

- 6ft drop protection
- Up to 44 hours of additional talk time
- Charge up to 50% in 30 minutes
- Tested against CaviWipes, and PDI Purple, Orange, and Red Top cleaners
- Customizable with hospital branding

**Use Cases:**

- **Centralized charging** - Charge and organize shared iPads
- **Eliminate shift-change bottlenecks** - devices are charged and ready for use between shifts
- **Device security** - Secure devices from theft in shared spaces

**ChargeStation Pro**

- Exclusive drop-and-charge technology to wirelessly charge iPads - no charging cables needed
- Charge up to 25 iPads on a single outlet
- Securely lock iPads to base when away
- 6ft iPad case drop protection

**Use Cases:**

- **Device protection** - Protect iPad from drops during bedside charting
- **Operational flexibility** - Detachable keyboard offers flexibility during shift requirements
- **Infection control compliance** - Sanitize quickly for infection control prevention

**Rugged Book Connect+**

- 6ft drop protection
- Detachable keyboard with trackpad and screen protector
- Tested against CaviWipes, and PDI Purple, Orange, and Red Top cleaners
- Laptop-style hinge w/ USB-C Direct Connect

**Use Cases:**

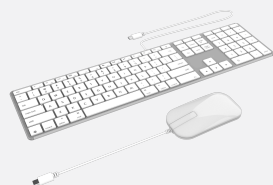

- **Device protection** - Protect screens from impact during constant handling
- **Infection control compliance** - Sanitize quickly for infection control prevention
- **Improved mobile device ROI** - Extend clinic device life and reduce replacements.

**360° Device Protection**

- 5x stronger than basic screen protection
- Up to 22ft case drop protection
- Easy to install
- Privacy options available
- Lifetime warranty
- Customizable with hospital branding
