ZYXEL

nebula

Free Cloud Managed Networking

Zyxel has taken the complex task of managing and deploying multiple networks for multiple organizations into an easy to use single pane of glass on a secured cloud platform. Offering a full range of Access Points, PoE Switches, and Firewalls all managed through the same cloud hosted interface. Similar to solutions by Meraki, Aruba, and Aerohive, but priced so you and your customers can afford it.

Zyxel's NebulaFlex line of products make it easy for your customers whether they're ready today to jump into cloud networking or prefer to do things the old fashioned way. Zyxel's NebulaFlex products make it easy to transition from old school traditional management to modern day secured cloud management. NebulaFlex gives the freedom of switching between traditional management and cloud management any time. Best of all, Zyxel's Base Nebula Cloud Management platform is free for life.

Why Nebula?

- Designed from the ground up to deploy, configure, and monitor multiple sites and multiple customers through a single simple to use interface
- Unlike our competition, no subscription required
- Manage an unlimited number of customers, locations, and devices
- Setup in minutes, no local configuration required

Why Zyxel?

- Outstanding Performance
- Lifetime warranty & technical support
- Robust partner program w/aggressive bid pricing support
- Comprehensive Portfolio
- Since 1989

NebulaFlex WiFi Access Points

Model	WiFi Type	Special
NWA110AX	2x2 WiFi 6	WiFi 6
NWA210AX	4x4 WiFi 6	WiFi 6, 2.5G LAN
NWA1123-ACv3	2x2 11ac	
NWA1123-AC Pro	3x3 11ac	Ceiling or Wall Mount

NebulaFlex Pro Access Points

Zyxel's NebulaFlex Pro APs come bundled with 1 year of our Nebula Professional Pack, unlocking exrta features and expanding cloud logs to a full year. These APs also are capable of being managed by Zyxel's USG and UAG series of gateways/firewalls.

Model	WiFi Type	Special
NWA5123-ACHD	3x3 11ac	Wave 2
WAC6103D-I	3x3 11ac	Dual-Switchable Antenna
WAC6303D-S	3x3 11ac	Wave 2, Smart Antenna
WAC6552D-S	2x2 11ac	Outoor, Smart Antenna
WAC6553D-E	3x3 11ac	Outdoor, External Antenna
WAX510D	2x2 11ax	WiFi 6, Ceiling or Wall Mount
WAX610D	4x4 11ax	WiFi 6, Ceiling or Wall Mount, 2.5G LAN
WAX650S	4x4 11ax	WiFi 6, Smart Antenna, 5G LAN

Gigabit Edge Switches w/ 1G SFP Uplinks

Model	Total Ports	Copper Ports	Fiber / Copper	Fiber Only	PoE+ Support	PoE Budget	Fanless	Nebula Included
