

## The spaces and technology employees want for the future of work

## Top location challenges for hybrid work

Home

## The most valuable spaces for the hybrid office

Workers need a range of spaces, from guiet and individual to dynamic and collaborative

Quiet focus spaces	32%	
Video-equipped meeting rooms	30%	
Hot-desking neighborhoods	28%	
One-person virtual breakout rooms	23%	

Employees need professional collaboration technology to be successful in hybrid work

agree that "technology can help all employees have equal access to opportunities at work"

agree they "would rather work for a company that invests in technology to better connect the workforce in a hybrid working future'
