brother

BUILT FOR YOUR MULTI-SITE BUSINESS

Multiple retail locations? One document technology partner.

Brother helps multi-site retailers simplify document infrastructure, reduce downtime, and maintain consistent performance across stores and headquarters.

- Reduce IT burden and cost.
- Maintain consistent performance across locations.
- Help maintain operational uptime.

Why Brother?

- **Fleet standardization**. Compact printers, all-in-ones, and label printers designed for front- and back-office retail use.

- **Remote deployment and management**. Deploy settings, firmware, and security updates across locations — without the need for in-person IT.

- **Network-wide visibility**. Monitor device status and performance across fleets.

- **Streamlined resolution**. Next Business Day Exchange (Overnight Warranty Exchange) minimizes downtime when an issue can't be resolved remotely.
